The Dog

Introduction

The Word Dog Is Mentioned Over Forty (40) Times In The Scriptures, And Almost Without Exception, With Strong Disfavor. This Attitude Is Common Among All Near Eastern People. People Here In The West Are Under The Impression That The Dog Is Man's Best Friend. Yet Is The Dog Really Man's Best Friend, Or Really Mankind's (A Kind Of Man,) Best Friend? People Are Duped Into This Faith Because They See The Dog Of Today As Being Employed In Seemingly A Helpful Way. So Because Of This You Tend To Like Characters Such As **Lassie,** Which Is Just Another Way Of Saying **"Little Girl."** In Irish **Rin Tin Tin, Snoopy,** And **Spud Mckenzie,** Just To Name A Few.

All Dogs Belong To A Single Species, Called **Canis Familiaris** (Notice The Similarity To The Name Canaan). They Are Carnivorous Animals. It Is A Known Fact That A Dog Will Revert Back To The Mannerisms Of His Ancestors, Such As The Wolf And Jackal. Dogs Are Forced Into Domestic Conditions. If You Allow Them To Go Hungry, You'll Surely Be Attacked. Most Dogs Will Sink Their Teeth Into Your Jugular Vein, Because They Are Blood-Thirsty, Carnivorous Beasts By Nature, And Will Eat You To Survive. Remember! The Jugular Vein Is Your Life Line, And This Goes Hand In Hand With The Disagreeable Ones Wanting Your Soul, Or Dracula Biting Your Neck.

In Reading This Book You Will Learn Why The Dog Is One Of The Most Defiled Things On Earth, At Least As Far As Your God Is Concerned. Before We Go Any Further, Let's Go Into The Ancestry Of The Dog.

Man's Best Friend

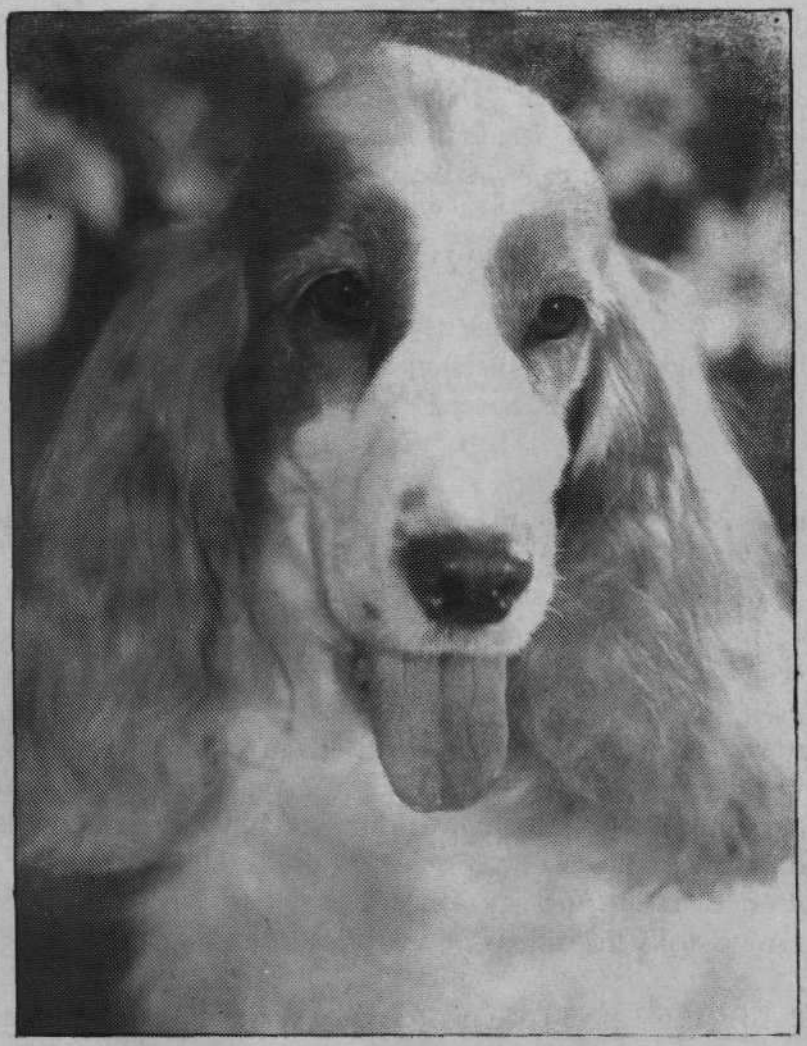

Figure 1

ANCESTRY OF THE DOG

Ques: What Is The Ancestry Of The Dog?

Ans: Other Members Of The **Genus Canis** Include The Wolves, Coyotes, And Jackals. The "Wild Dog," Namely The Jackal, Was The First To Separate From The Wolf Line; Later The Foxes Split Off. In Recent Times, The Wolf Has Given Rise To The Coyotes In America And In The Southern Eurasias. Finally A Small Race Of Wolves Were So-Called Domesticated To Produce The **"Domestic Dog,"** Which In Turn Gave Rise To The **Dingo** In Australia. The Dingo Is A Separate Species From The So-Called Domestic Dog.

Because Dogs Belong To The Same Line Of Animals As Wolves And Jackals, They Are Also Capable Of Attacking You. It Is In His Blood To Be Like Them; Dogs Are

Carnivorous By Nature. So When Someone Says "Oh! Don't Be Afraid, Rover Won't Hurt You," Just Reflect On The Information In This Book.

The Dog Is The Oldest So-Called **"Domesticated Animal."** It's Remains Have Been Found In Denmark Dating From The Early Part Of The Middle Stone Ages In Connection With The Human Culture Known As **Azilian.** Shortly Afterwards, Dogs Appeared In The Mesopotamian Valley. The Exact Spot Where The First Dog Was Domesticated Was In Central Europe.

The **Dingo,** Typically A Wild Animal, Is Sometimes Found Semi-Domesticated In The Camps Of The Aborigines. Its Ancestors Had Been Brought As Domestic Dogs To Australia By The First Immigrants, Several Thousand Years Ago, And Were Later Allowed To Run Wild.

Let Us Examine The Word, **"Domesticate"** According To An Etymological Dictionary:

Domesticate From The Latin Word ***Domesticatus*** *To Tame.* **Domes** Means: *Building; Pertaining To A Private House. To Make Domestic.*

Now Ask Yourself, How Can You Truly **"Tame"** A Wolf, Coyote, Or Jackal And Be Sure That He Wouldn't Turn On You Sooner Or Later? You Can't Be 100% Certain. It Is Difficult To Interpret Any Behavior Of A Dog As Abnormal, Because An Animal Will Adapt To A Situation In A Way That Gives Him Satisfaction; However Bizarre This May Appear To The Onlooker, Unusual Behavior May Also Result From Organic Diseases. Any Marked Changes In Behavior, Such As Convulsions (Often Called Fits), A Staggering Gait, And The Likes Are Usually Indications Of A Serious Disease.

Dogs Confined To Small Pens For Long Periods, For Example, Will Often Develop The Habit Of Running In Circles Or Jumping From Side To Side Whenever A Person Approaches. A Dog Left By Itself In A House For Long Periods Will Often Chew Furniture Or Even Attack Children And Adults. This Behavior, Which Derives From The Genus Canis, Can Be Understood As A Frustrated Attempt To Escape. All Dogs, Without Exception, Have At One Time Or Another Tried To Bite Their Master, A Family Member, Or A Friend.

Another Species Of Canis, Is **Canis Lupis,** The Grey Wolf. The Grey Wolf Was Originally Found All Over Europe, Asia, And North America, And Has A Highly Variable Subspecies And Local Varieties. A Wolf Is An Animal That Looks Much Like A Large German Shepherd Dog. They Also Make The Same General Types Of Sounds And Communicate The Same Way As Dogs Do. Wolves Vary In Color, So That Even Individual Members Of A Pack Can Be Easily Distinguished. They Range From Pure Black, To Shades Of Grey, To Almost White.

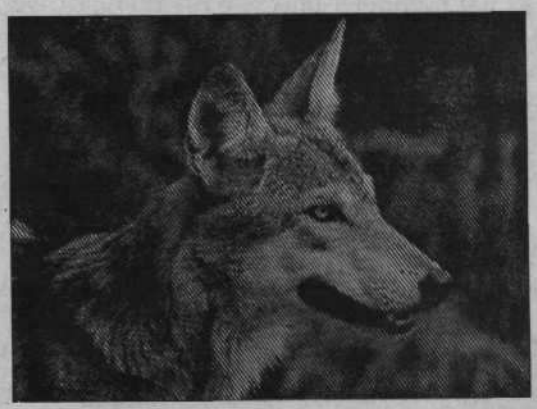

Figure 2
The Grey Wolf

The Northern Wolves Are Much Larger Than The Southern Ones, Which Proves That Dogs Came From A Smaller Central Southern Variety. The Northern Wolves Are Frequent Both In Forests And In Open Country, And May Be Seen Either At Night Or Day, Individually Or In Pairs, Or In Packs. They Also Combine Together In Packs As A Family For Hunting, Especially In The Winter When Food Is Short.

They Will Destroy Sheep, Goat, Or Even Children. In Packs They Will Successfully Attack Animals As Large As Horses And Cattle; If Pressed, However, They Eat Birds, Mice, Frogs, Or Any Other Small Animal. At Times, Wolves Will Also Feed On Carrion And Even Seek Nourishment From Buds And Lichens. In Their Feeding Habits, Therefore, They Grade Into Jackals, Just As The Jackal Grades Into The Wolf.

Figure 3
Northern Wolves-

Figure 4
Southern Wolves

Northern And Southern Wolves Live Largely In Northern America, Greenland, Europe And Asia.

They Communicate With Each Other Mainly With Loud Howling Barks When A Strange Animal Approaches The Den. It Yelps During Fear Or Distress, And Growls When It's Threatening Another Animal, As Well As Howling, When Attacking, Hungry, Or In Fear Of Something. Wolves Come Into Heat Only Once A Year, Like Dingos, But Unlike Domestic Dogs (In Their Case, The Twice Yearly Period Seems To Be A Response To Domesticated Conditions.) Young Wolves Are Full Grown At The Age Of Three. They Can Never Be Tamed When Captured As Adults. When Reared In Captivity, They Will Interbreed With Dogs And Can Learn To Bark. Dogs Raised In Large Fields Apart From Human Beings Will Become Almost Completely Wild By 14 Weeks Of Age. Today, More And More Dogs Are Traveling In Packs Attacking People. These Are Mere Signs That The Dog's Ancestry Is Directly Related To The Wolf. At Our **1995 A.D.** Savior's Day I, The **Supreme Grand Master Nayya: Malachizodok York-El** Told You To Be On The Look Out For Animals Because They Are Turning On Humans. They Are Changing And Your Own Pets Are Going To Attack You.

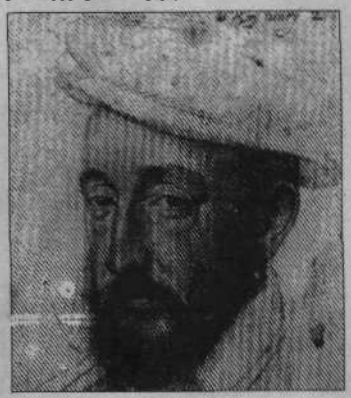

Figure 5
King Henry II

Wolves Were Exterminated In England During The Reign Of King Henry II, But Survived In Ireland Until Around The Year 1710 A.D., And In Scotland Until 1743 A.D. The Range Of Wolves Today Is More Restricted Than In The Past, And They Are Being Progressively Eliminated From Closely Settled Areas. This Means That Their Numbers Are Much Diminished, And They Live Largely In Northern Subartic Areas Where Conditions Still Exist That Are Suitable To Their Way Of Life.

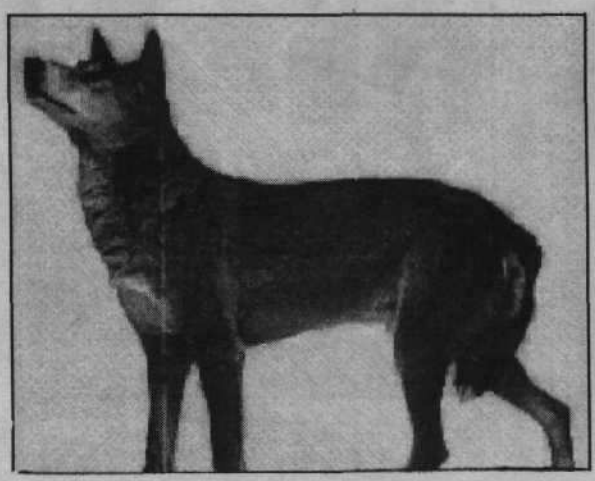

Figure 6
Dingo, The Only Dog Native To Australia

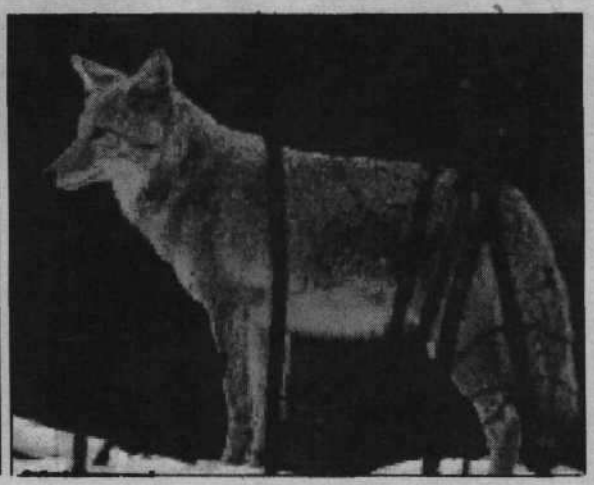

Figure 7
Coyote-Lives In Regions Of Western And Northern America, From Panama To Alaska

The Skull Of The Northern Wolf Is Massive. The Temporal Regions Are Sagittal Crest (Long, Pointed Head) And The Main Muscles Of Mastication (To Grind And Knead) Are Inserted. They Are Heavy And Strong, Their Teeth Are Sharp, They Are In Excellent Condition, And They Are Massive And Deadly. Their Incisors Are Well Developed.

The Anatomy Of The Skull Emphasizes The Fact That Wolves, Coyotes, Jackals, And Wild Domestic Dogs Truly Belong To The Same Family. It Also Supports The Fact That The Jackals Are Merely Wolves Who Have Come To Develop More Qualities Suited To It Within Its Original Genetic Constitution.

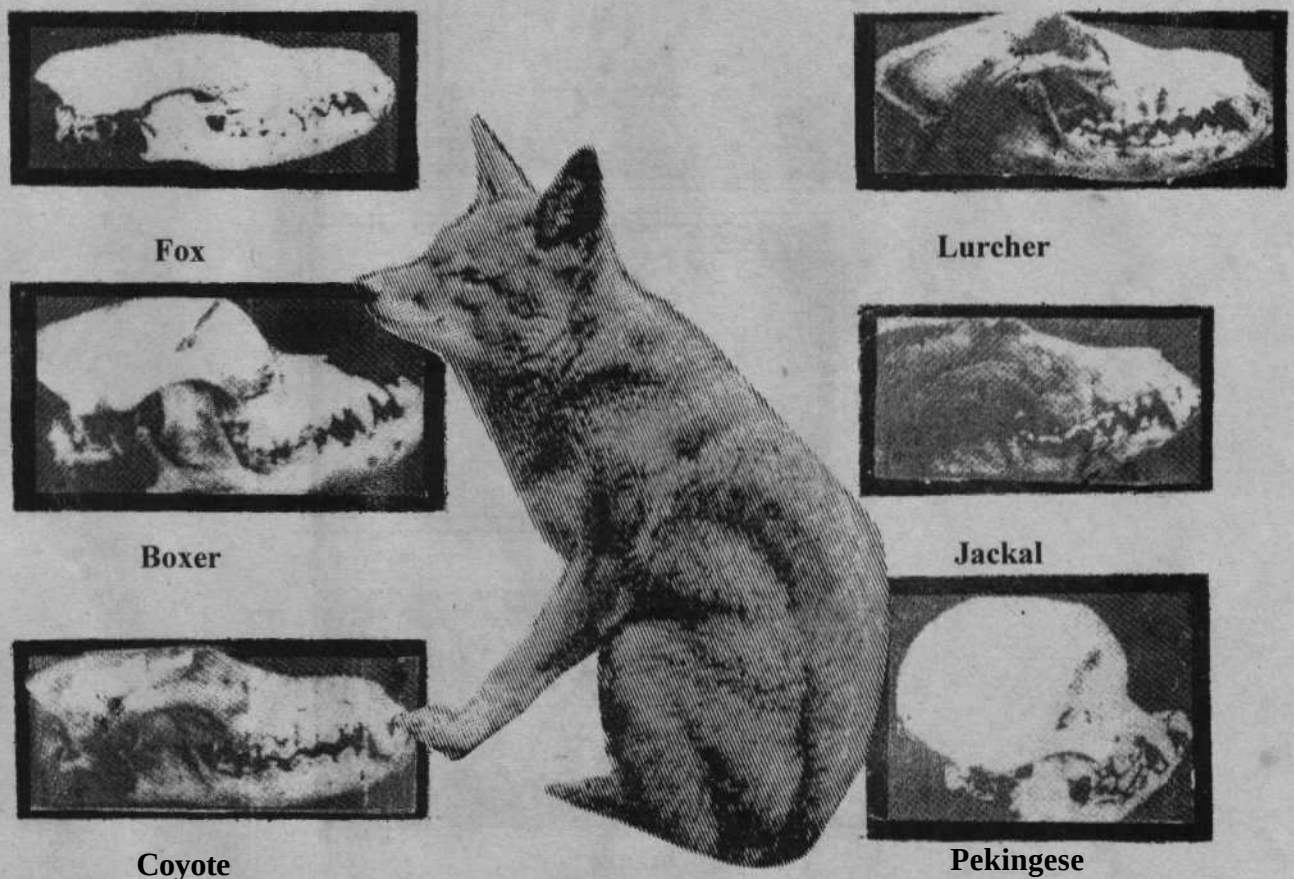

Figure 8

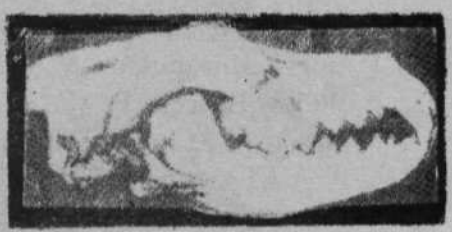
***Notice The Lateral Views Of The Skulls Of Wild And Domestic Canines. These Figures Illustrate The Difference Between Wild Canine, Even Those So Removed From Each Other As Wolves And Foxes.**



Wolf

The Habits And Mode Of Life Of The Jackal Found In North Africa Are Similar To Those Of India. There Are Slight Differences In The Skull Measurements, Which Tend To Be More Towards The True Wolf Pattern. However, The Skull Resembles The Skull Of A Small Wolf And Could Indeed Be Easily Mistaken For A Coyote. (Refer To Pictures On Previous Page.)

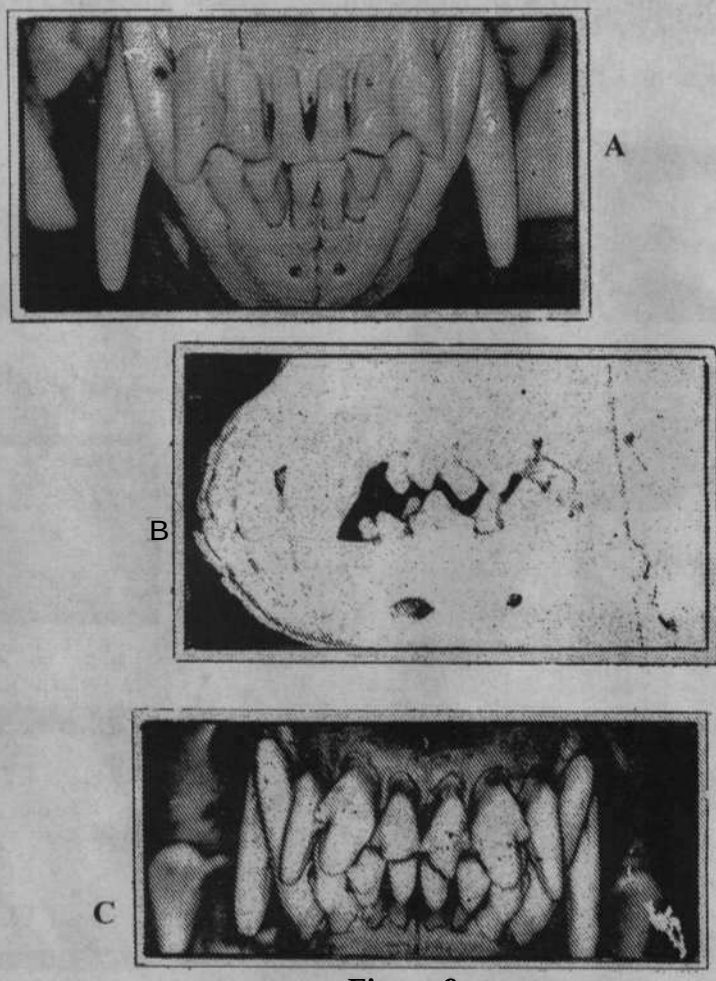


Figure 9
Teeth Of Wolves

The Above Illustrations Show The Teeth Of Wolves Compared With Those Of Domestic Dogs. Illustrations A And B Depicts The Northern Wolf (Front And Side Views). The Widely-Spaced, Powerful Incisor And Canine Teeth Are A Feature Of The Wild Wolf Strain. The Interlocking Mechanism Provided The Upper And Lower Canines And The First Upper Incisor Is A Deadly Weapon Of Defense, Resembling A Spring For Animal Traps. This Effect Is Enhanced By The Reduction In Size Of The First Premolars And The Gap Between Them And The Canine Teeth. Illustrations C And D Show The Front View Of The Tooth Mechanism; In (C) A Pariah Dog And (D) An Alsatian.

Figure 10
Teeth Of Wolves

The Teeth Of A Pariah Are Well Spaced And Strong, Showing The Primitive Features Of The Wolf. Those Of The Alsatian Show The Beginnings Of The Narrowed Jaws And Crowded Teeth Associated With Domestication. The Front Views Of The Tooth Mechanism In A Boxer, (E) And A Pekingese (F), Illustrate The Extremes Of The Jaw And Tooth Degeneration Associated With Domestication And Selective Breeding For Short Muzzled Characteristics. In The Lower Jaw Of The Pekingese, All The Incisor Teeth Are Missing Because Of That Lack Of Development.

There Is No Way Possible That An Animal With Teeth Like These Can Truly Be Domesticated!!! It's Just Not Their Nature.

Figure 11
Teeth Of Wolves

Notice The Primitive, Wide-Spaced Tooth Formation Together With Large Shape Carnassials (The Last Pre-Molar On Either Side Of The Upper Jaw And The First Molar On Either Side Of The Lower Jaw Of Animals) Are Well Illustrated In All Wolves, Coyotes, Jackals, Dingos, And Pariah Dogs. Changes Can Be Expected In Relation To The Teeth, Because Under Conditions Of Domestication, Dogs Usually Are Given Soft Or Cooked Food To Eat. Thus, The Result Is That The Teeth Are Not Utilized To The Full Extent For Which They Have Been Evolved. Teeth Are Weapons Of Defense, And Defense Is Necessary For Survival In The Wild But Even Under Conditions Of Domestication, Animals That Have Poor Dental Equipment Will Not Survive.

Therefore, It Is Not Unusual To Find So-Called Domesticated Dogs Equipped With Relatively Weak Teeth And Jaws Except When They're Bred Especially For Purposes Of War Or Fighting Other Animals.

Now There Is No Way Possible That An Animal With Teeth Like These Can Be Truly Domesticated. The Phrase *"Don't Bite The Hand That Feeds You"* Refers To The Dog Who Is Forced To Live In A Domestic Environment. These Vicious, Carnivorous Animals Will Definitely Attack You If They Are Allowed To Go Hungry. No Matter What Kind Of Master You Think You Are, Dogs Such As The German Shepherd (Alsatian), Doberman Pinscher, Or Even The French Poodle Will Aim For The Jugular Vein - Your Life Vein!!!

Jackal: Any Of Several Wolf-Like, Wild Members Of The Same Genus As Dogs, Cam's. They Have No Distinctive Anatomical Features Which Separate Them From Wolves Or So-Called "Domestic Dogs." The Sagittal Crest (Long, Pointed Head), Which Is Always Present In Wolves, May Be Present In Domestic Dogs. Jackals Lack The Savage Defensive Power Of True Wolves And Are Much More Timid. This Description Could Apply Equally To Any Of The Small Wolves Such As The Coyote, And It Is Quite Evident That Jackals Are Very Little Removed From Wolves. The Jackal Is Primarily A European Animal. It's Range Extends Into Mesopotamia, Southeastern Europe, And India. Jackals Are Found In

Greece, Turkey, As Far As Dalmatia, And Also In The Caucasus Asia Minor Area. The **"African"** Jackal Is Merely An Offshoot Of The European Jackal.

DOGS LIKE WOLVES, ROAM IN PACKS

Fear of Dog Pack Grows Near Pelham Bay Park

By JOHN LEWIS

At the southern end of Pelham Kay Park, overlooking Eastchester Pay ft grow ng park of wild dogs is menacing area residents who fear "homecoming terrier" may happen soon

The area is frequented by children many of school age

Last April a mongrel rtn; and her two pups were abandoned in a little used section of the park near Watt and Bayview aves In June the mother gave birth to another litter and by late August there was as many as 50 wild dogs roaming the area

Jean Fox of 1665 Bayview Ave said that the dafi come out early in the morning and late at night and roam in a pack through the neighborhood streets

Afraid to Take Walk

I had no fear when walking my dog at night Now I tremble with apprehension Families with youngger children are especially fearful she said

Mrs Fox said that she made repeated pleas to the ASPCA to have the dogs removed "In August they sent a truck around and set up a trap Two of the smaller dogs were caught but the rest were too smart to go near the enclosure After the trap was overturned several times the ASPCA took it away

She said that with the approach of winter, the dogs are expected to get moredesperate C their search of food Are we going to wait until something awful happens before we get rid of them" she asked

Large Number ai Strays

Duncan Wright, executive director of the ASPCA said that the same type of problem is going on throughout the rest of the city where there are an estimated 400,000 stray dogs

We have been up in that area four times We picked up a few rtns< but not enough he said We have to go up there with 10 or 12 people and surround the dogs driving them into the trap

He said that such an expedition is planned for Tuesday at 5 30 a m "the best time to catch the dogs"

Wright said that he had ordered $100,000 worth of new trucks yesterday and had hired more people to handle the city's dog problem Until recently the ASPCA had only six trucks to cover the entire city, he said

Clear Harlem Building Of Vicious Dog Pack

By GUS DALLAS

Neighbors who had been terrorized tor two years by a dog pack kept in an abandoned Harlem building cheered yesterday as police broke through * metal-covered door, fired tranquilizer guns and cleared the building of 18 dogs

Two persons had been reported bitten previously by the pack, kenneled in the six story building it 24 St: Nicholas Place, near W. 152d W A woman neighbor and an American Society for the Prevention of Cruelty to Animals officer helping the police were bitten yesterday.

Five other dogs were shot with tranquilizer darts to the yard behind the building after police responded to a call that a woman had been attacked by dogs.

The woman, identified U Sylvia Parker, It. M address given, was treated at Columbia Presbyterian Medical Center tor minor bites Tbt ASPCA officer, William Seguiweda, was bitten An - finger and treated at the scene.

Crowbars Are Used

The ASPCA identified the man who kept tht dogs in the building as John Cale Jr., who apparently was the last superintendent in the building before it was abandoned about Urn years ago lid current address is unknown.

The ASPCA and UM Police Emgency Service were called by the ftjt rifton at the scene, Using crowbars, police broke • fctt*through the metal-covered front door and fired tranquilizer darts at the snarling dogs inside.

"The dogs kept biting the rtff* bertels we poked in," said Officer Jim Hatcher ri Emergency Service Unit 1. "We cut • chain and padlocfc U open UM door just enough to rose and drag out the stunned dogs W. had U keep shooting al the ones that were still attacking."

The cops and ASPCA officers chased UM rtmiipint dogs through 20 filth ridden rooms Sometimes it was uncertain who was chasing whom . Five 3-month old puppies were found in OH room and carried out.

rAll 23 of the other dogs were taken U the ASPCA clinic at E. 92d St. and fell River Drive, where they were found to be in generally healthy condition.

"Cole kept the dogs healthy and M and we were unable M get the animals away from him on cruelty charges," said Eric Plaza Of the ASPCA's Humane Services.

GOING TO THE DOGS?

Picture New York City with g ttUhae snapping, snarling stray dogs M the loose, prowling UM streets in wolf packs. No, that isn't the script for o tomr movie It is the prediction by the American Society for the Prevention of Cruelty to Animals of what will happen br 1960 If it terminates its "animal control" operation this year.

The ASPCA has City Hall in no uncertain terms that it will cease rounding up stray don for the city on June U nnless H receives some financial relief

The society nas been doing that job in Nr« York for decades without direct payment from the city It* activities have been financed br revenues from dot licenses and donations.

However, mounting losses threaten the ASPCA's existence. Ratherthan go broke, it intends to Hop collecting unwanted animals

Some experts believe that the ASPCA's doomsday prophecy of a population explosion among stray don U * gross overstatement. Nonetheless, * serious menace to health and safety would arise if the grim forces st is only partially accurate What the ASPCA seeks is—

RELATIVELY MODEST

—assistance whit* tho city might bo able lo give without dipping into its depleted coffers. Society officials estimate that the needed sum could be raised merely br pressuring — * dog owners to license their pets.

Accordin U the agency, there are approximately 600,000 owned dogs IK tho city, but only 230,000 are licensed—a sorry commentary M the manners and morals of reputed animal lovers.

The city should U working up t program aimed at getting one-half to two-thirds of the holdouts U license their pets. II has a small army of inspectors and summons-writers who could issue riUtkno when they spot untagged dogs on the street.

And what would be wrong with requiring kennels, pet shops, placement agencies and veterinarians to cooperate?

One way or another, City Hall has lo face up to its responsibility. It can't simply permit stray animals to increase and multiply unchecked. And aiding Int ASPCA would cost far less than establishing ft city-run agency to replaceit.

80% Confide In Their Dogs

Eighty-percent of dog owners talked to their dog as they would talk to a person and confided In the animal, according to a University of Pennsylvania study.

And 100 percent believed that the animal was sensitive to their feelings.

Diagram 2

In **A June 1993 A.D.** Edition Of The "***CondeNast Traveler***" Magazine, It Shows You How Dangerous These Animals Are. Wolves, At One Time Virtually Were Eliminated From The 48 States By Predator Controls, They Are Now Back In Strength. But This Is Not Good News, Their Comeback Is More Devastating Than Ever. A Wyoming Hunter Shot What He Thought To Be A Coyote In The Teton Wilderness Just South Of Yellowstone. DNA Tests Showed That The Coyote Was A Pure-Bred Wolf. These Wolves Are Migrating Rapidly From Canada And Reestablishing Packs In Montana, Idaho, And Washington.

Glancing, Can You Tell These Two Apart?

Ques: How Did The Ferocious Dog, Such As The Pinscher And The German Shepherd, Come About?

Ans: The Mutant Descendants Of The Jackal Were So-Called Domesticated Because Of Their Ability To Learn To Work Under Direction And To Form Firm Habits. It Is Therefore Easy To Teach Them To Restrain Their Functions, Which Consisted Mainly Of Protecting The Herd From Hostile Tribes And Large, Carnivorous Animals. Since These Dogs, Were Not Being Fierce Enough, They Were Crossed With The Wolf. The Fiercer The Dog, The More Wolf Is Present In His Ancestry. The Doberman Pinscher, The Shetland Sheep Dog, And The German Shepherd Are Predominantly Wolf.

Ques: Will A Dog Revert To The Mannerisms Of A Wolf, And What Are The Signs?

Ans: Yes, A Dog Will Revert Back To The Mannerisms Of His Ancestors. The Modern Canine Has Been Derived From Wolf-Like Ancestors Such As The Wolf And The Jackal. The Psychological And Anatomical Features Of The Various Canine Species Were Already Present Before Man Began To Select Wolves With Special Characteristics To Serve His Own Purposes.

By Selective Breeding, Man Has Not Created Anything That Was Not Already There In The Ancestral Animals. As Small Predators In A World Of Large Prey Species, The Canine Ancestors Had Two Alternatives: (1) To Confine Their Hunting To Small, Easily Caught Animals And Invertebrates (As Do The Foxes) And Scavengers (As Do The Jackals), Or (2) They Had To Combine In To Packs To Hunt Their Prey. However, All These Groups Imperceptibly Shade One Into The Other, And As We Have Seen With Wolves And Jackals, Many Of Them Exchange One Way Of Life For Another And All Can Exchange Domestication For Their Wild Way Of Life. As Mentioned Before, Dogs Are Forced Into Domestic Conditions. If You Allow These Dogs To Hunger, You'll Surely Be Attacked. Most Dogs Will Sink Their Teeth Into Your Jugular Vein Because They Are Blood-Thirsty Carnivorous Beasts By Nature, Who Will Eat You To Survive.

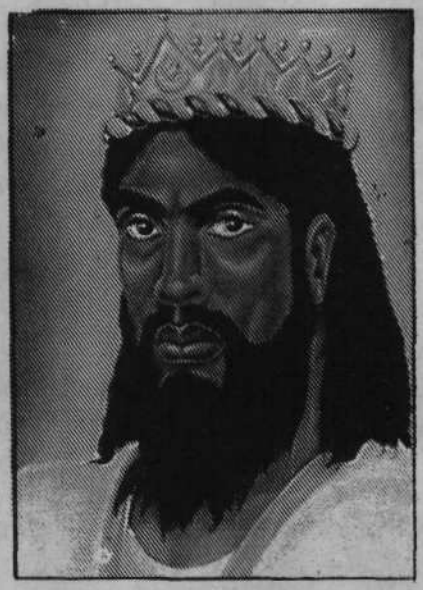

Figure 14
King David Son Of
Jesse And Hilmah

When Dogs Revert To The Wild Stare, "In-Bred" Characteristics Are Discharged And They Revert To Ancestral Type Behavior And Temperament. To A Greater Or Lesser Degree, All Canines Have The Instinct To Store Away Food. This Is Seen In The Habits Of So-Called Domestic Dogs When They Bury Bones. All Canines Bear Multiple Young. This Is A Characteristic Important To Survival In Short-Lived Types Of Animals, And It Is Inherent In The Polymorphic (Stages, Kinds, Types) Genetical System. Dogs Travel In Packs For Company And Mutual Gain In Discovering, Catching And Killing Prey. Many Wolves Are Scavengers. They Howl And Bark And Are Carnivorous (Flesh-Eating). The Dog Does The Same Thing Today That He Did In The Days Of The King David ***(1 Samuel 17:43-44).***

CHOICE BREEDING

Ques: What Is Choice-Breeding?

Ans: Choice-Breeding Is The Deliberate Reproduction, Raising, Development, Or Improvement Of Strains In Animals Or Plants. The Dog Is One Animal That Caucasians Or Euro-Americans Has Choice-Bred. There Are Hundreds Of Breeds Of Dogs Throughout The World. They Are Classified As Purebreeds, Crossbreeds, Or Mongrels (Mutts). A Purebreed Is A Dog Whose Sire (Father) And Dam (Mother) Belong To The Same Breed. A Crossbreed Is A Dog Whose Parents Belong To Different Breeds. A Mongrel Or Mutt Is A

Dog With Such Mixed Ancestry That No One Breed Can Be Recognized. In The United States There Are 125 Registered Breeds Of Dogs Categorized Into Six Groups. This Does Not Include The "Mongrels". They Are:

1)Sporting Dogs
2)Hounds
3)Working Dogs
4)Terriers
5)Toy Dogs
6)Non-Sporting Dogs

These Dogs Can Cost Up To Thousands Of Dollars. People Invest A Lot Of Time And Money On These Animals Because They Are Their Best Friend. Don't Be Deceived Because They Appear To Look Cute And Clean. No Matter How Clean They Appear, They Carry Contagious Diseases. No Matter How Cute They Look, They Will Attack You!!!

Through The Advertisements Of These Animals, The Media Has Convinced You That These Animals Are Safe To Live Around. Statistics Show That There Are Over 36 Million Dogs In The United States Alone (Much More Than The People Can Handle). Millions Of These Dogs Run Wild In Packs Throughout The Cities Attacking People And Damaging Property. People Invest Millions Of Dollars On These Animals With Yearly Dog Shows, Grooming Parlors For Dogs, Dog Food, Toys, And Dog Houses, While Millions Of People Die From Starvation And Live Homelessly On The Streets Everyday. In European Restaurants And Gas Houses, Dogs Are Welcomed In To Eat At The Same Table And Use The Same Dishes As Humans. This Is More Proof That The Dog Is His (Mankind's) Best Friend, Before A Person Will Clothe Or Feed You, He Takes Care Of His Friend The Dog.

HOUNDS

The **AKC (American Kennel Club)** Register 20 Breeds Of Hounds. Hounds Hunt Either By Smell Or By Sight. "Scent Hounds" Such As Beagles And Foxhounds Run With Their Noses To The Ground To Follow An Animal's Scent While Trailing Game. Coonhounds And Some Other Scent Hounds **"Bay"** That Is, They Give Out Deep, Long Barks. Tall, Slender **"Gazehounds," Or "Sight Hounds,"** Were Bred To Hunt Game By Sight. Today Such Gazehounds Include The Afghan Hound And The Saluki.

WORKING DOGS

Working Dogs Make Up The Largest **AKC** Group. The 32 Breeds Of Working Dogs Serve People In Various Ways. For Example, Collies, Shetland Sheepdogs, And Welsh Corgis Herd Cattle And Sheep. SPORTING DOGS

Sporting Dogs Registered By The AKC Consist Of 24 Breeds Of Pointers, Setters, Retrievers, And Spaniels. Pointers And Setters Smell The Air To Locate Birds And Then Point Their Bodies Toward The Game To Guide The Hunter. Retrievers Pick Up Birds That Have Been Shot From The Water. Most Spaniels Help Hunters By Going Into Bushes Or Brush To "Spring" (Scare) Birds Into The Air, Unlike Other Spaniel. The Irish Water Spaniel Retrieves Ducks And Other Birds From The Water.

Figure 19

TOY DOGS

Toy Dogs Consist Of 15 Small Breeds Kept As Pets. In Addition To These Breeds, Small Varieties Of Poodles And Manchester Terriers Also Compete In The Toy Group At Dog Shows. Toy Breeds Come From All Parts Of The World. For Example, The Chihuahua Was Developed In Mexico, The Pekingese In China, And The Papillion In Spain. The Largest Toy Dog Is The Pug, Which May Weigh Up To 18 Pounds (8 Kilograms).

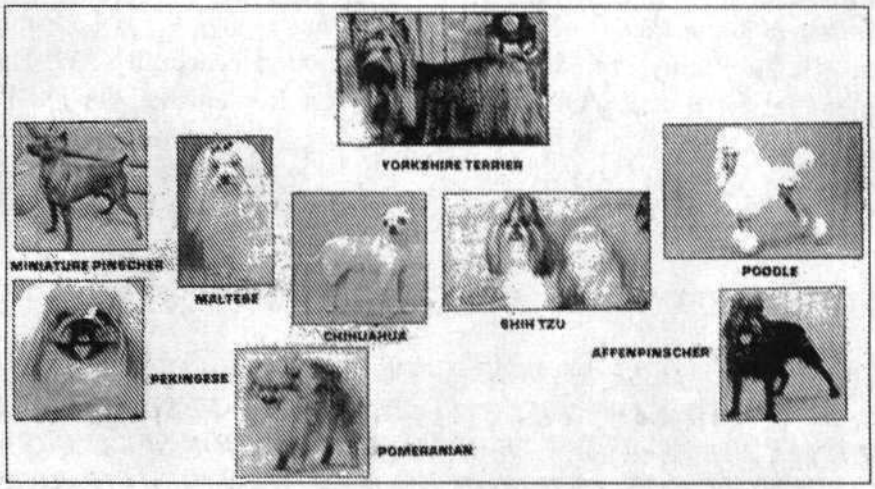

Figure 20

NONSPORTING DOGS

Nonsporting Dogs Consist Of 11 Breeds Kept Chiefly As Pets. Many Of These Breeds Were Originally Bred For Work Or Sport. Poodles For Example, Once Retrieved Ducks For French Hunters. People Have Used Dalmatians For Many Purposes, Including Herding Cattle And Hunting Game. The Boston Terrier Is The Only Nonsporting Breed That Originated In The United States. Breeders Developed The First Boston Terriers By Mating Bulldogs With Terriers.

"AND GOD SAID, LET THE EARTH BRING FORTH THE LIVING CREATURE AFTER HIS KIND, CATTLE, AND CREEPING THING, AND BEAST OF THE EARTH AFTER HIS KIND: AND IT WAS SO".

You Must Realize That The **Luciferians** (The Evil One) Thrives Off Of Trying To Alter Recreation And The Truth. They Are Destroying The Forests And Jungles. He Caused Animals Of Different Species To Live Closer Together, Therefore Forcing Them To Cross-Breed. If Animals Are Put In An Environment Where They Have No Other Choice They Will Cross-Breed With Each Other. Proof Of This Is Found In The Offspring Of Various Animals That Have Mated Outside Of Their Class, They Also Take Animals Into Laboratories And Mix Their Embryos With Other Animals To Make A Different Species.

For Example: **The Mule**

The Mule Is The Offspring Of The Mating Of An Ass And A Horse, Specifically, It Is The Result Of The Cross Between A Male Ass And A Female Horse. Mules Are Usually Sterile Because The Chromosomes Inherited From The Parent Species Are Different, Thus Interfering With The Normal Production And Maturation Of Its Cells. Because Of It Being Sterile, The Mule Is Incapable Of Producing Others Of Its Kind. This Means That It Can Not Reproduce Another Mule By Having Sexual Relations With Another Mule.

Ligers And Tigons

Under Certain Conditions, As In Enforced Confinement In Zoos, Tigers Have Been Known To Mate With Lions. The Offspring Of Such Relations Are Called "Tigons" When The Father Is A Tiger, Or When The Father Is A Lion It Is Called "Ligers."

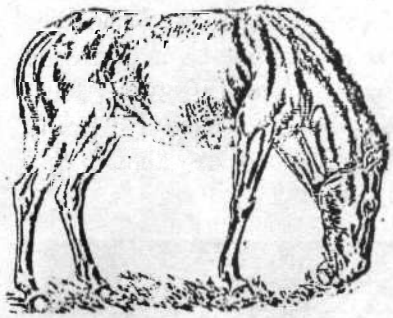
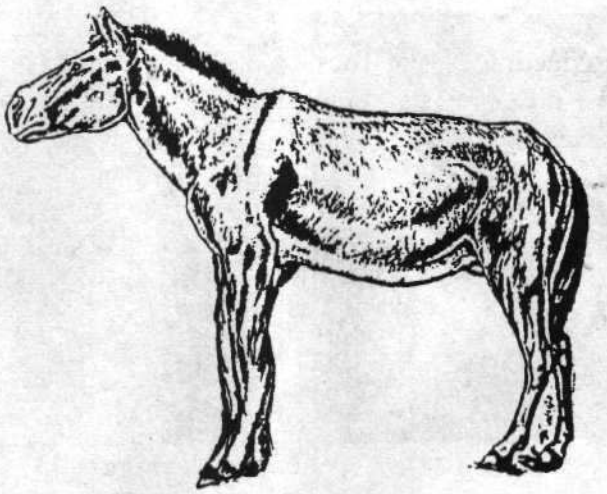
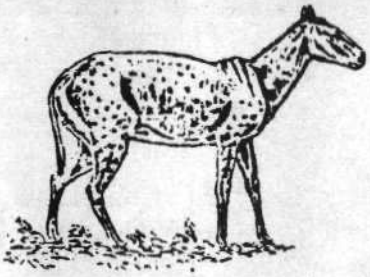
The Evolution Of The Horse



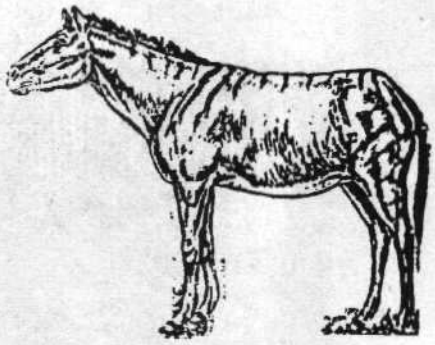
Pliohippus: The First One-Toed Horse

Egus: 5 Feet At The Shoulder. This Ice Age Species Ranged The Great Plains And Texas.





Merychippus: A Later Three-Toed About 40 Inches High. Only One But Each Foot Touched The Ground.



Mesohippus: An Early Three-Toed Horse.

Hvrocomerium Or Eohippus: The Oldest Known Ancestor Of Horses.

Diagram 3
The Dawn Horse Still Exists

The Earliest Ancestor Of The Horse Was A Small Animal About 10 To 20 Inches (25 To 51 Centimeters) High. They Call This Animal **Eohippus** (Dawn Horses) Or **Hyrocomerium**. It Lived About 25 Million Years Ago. These Prehistoric Horses Had Arched Backs And Snout-Like Noses. They Looked More Like Racing Dogs, Such As Greyhounds Or Whippets, Than Like The Straight-Backed, Long-Necked Modern Horse. They Had Four Toes On Their Front Feet And Three Toes On Their Hind Feet; Each Toe Ended In A Separate Small Hoof. Large, Tough Pads Similar To Those On A Dog's Foot Kept The Toe Off The Ground. These Pads Bore The Animals Weight.

The Reduction In The Toes Took Place Because Of A Change In Habitat From The Forest To The Prairie. The Lengthening Of The Limbs Also Reflected The Change Of Life On The Plains.

The Bat: Is A Rat-Like Mammal With Wings. The Bat Is The Result Of The Mating Of The Bird (Which Accounts For The Wings) And The Rat (Which Accounts For The Appearance Of Its Body).

The Swine

The Aardvark Is Commonly Referred To As An "Earth-Pig." It's Origin Is Said To Be Unknown, According To The So-Called Scholars Of The Field. However, It Is Described In **The Encyclopedia Britannica** As Having *"A **Pig-Like Body, Long Snout, And Powerful Short, Thick Legs Armed With Strong, Blunt** Claws."* There Is No Mystery As To The Origin Of This Animal Here At **(U.N.N.M.) United Nuwaubian Nation Of Moors,** For We Know That This Animal Is The Mutation That Occurred During The Crossbreeding Of The **Dat** (Dog And Cat) With The Rat. Its Real Name, "Earth Pig," Outwardly Tells You That It Is Related To The Pig, ***Koran 2:145, 6:145*** (Swine خنزير **Khinziyr)** And Also In ***Leviticus 11:7*** **As Khay-Zeer'** (חזיר).

Abraham's Mission Was To Clean Up The Caucasus Mountains And The Surrounding Area Where The Cursed Leprous Seed Of Canaan Resided. Abraham Went On Into **Al Kham** (Egypt) To The **Great Pyramid Of Giza** (The First Of "The Eight Wonders Of The World"). Abraham Left His Wife **Sarah** With The **Pharaoh Khufu,** Who Was Ruling At The Time In Egypt. Pyramids Are Triangular Structures Built Of Stone Or Brick On A Square Base. ***(Refer To "Science Of The Pyramids", Scroll #43).*** The Inside Of These Tetrahedrons (Pyramids) Contain A Network Of Passages And Tunnels Which Connect Numerous Rooms And Compartments. The Underground Chambers Of The Pyramid Contain Libraries On All The Books Of The Prophets Lost And Not Lost. These Books Make Up What Is Known As **The Archaic Records,** Which Is Now To Be Found In Your **Holy Tablets.** The Top Of The Pyramid Is Not Pointed, But Flat And Has A Hole Into Which Light Shines To The Bottom. Zoser (Abdel Qudduws) Was A Pharaoh In The Third Dynasty Of **Al Kham** (Ancient Egypt). Imhotep, Under The Guidance Of Zoser, Acquired The Knowledge Needed To Calculate The Precise Dimensions For Construction Of What Was Thought To Be The First Pyramid. **Eloheem Anunnaqi,** Gave Him The Science Of How To Build **The Step Pyramid Of Saqqara.**

This May Be The Oldest Building On Earth. *(Refer* ***To The Holy Tablets, Chapter 13, Qarnu Ibrahiym (Generation Of Abraham)*** Zoser's Pyramid Was Never Intended To Be A Burial Place, But Instead Was Intended And Used For A Temple Of Initiation Into The Deeper Sciences Of Mystics. **Zoser** (Abdel Qudduws) Himself Was A Hierophant Priest Of This Temple. He Was The Author Of Alchemy, Also Called **Hermetic Sciences.**

Figure 46

In Haran, All The Way Back To The Caucasus Mountains And Its Surrounding Areas Lived The Unclean Lepers, These Unclean Lepers Of An Animalistic Nature Walked On All **"Fours",** Ate Raw Flesh (Whether It Was Clean Or Unclean,) And Were Covered With Raw Open Sores. They Were Literally Half Animal And Half Man Since They Practiced **"Bestiality".** This Is Why Lepers And The Seed Of Libana (Canaan) Are Called **"Ape Men",** Or The Men Of The Cave, Whose Characteristics Range From Dark Hair And Dark Eyes, To Light Hair And Light Eyes, To Albinos, Who Lack Eye Color And Hair Color. Who Are In Most Cases Considered Mulattos. These Lepers Would Have Made Any Man Or Animal Run For They Were Abominable. The Abominable Snowman Is Only A Missing Link To His-Story Called A Mystery.

There Were Many Dead Carcasses In The Caucasus Mountains And Many Being Born With Leprosy. These Lepers Also Spread Diseases, Which Caused A Mass Famine. There Were So Many Dead Bodies On The Ground That Abraham Could Not Find A Clear Passage Up To The Caucasus Mountains. Also, If He Was To Come Upon A Pack Of These Canaanites, He Would Have Surely Been A Main Course Meal. Now Zoser (Abdel Qudduws) Had To Come Up With Something That Was Just As Nasty As These Creatures:

1. It Must Be So Filthy As To Develope An Immunization, So As Not To Be Infected By The Spreading Of Disease.

2. This "Thing" Had To Have Enough "Smarts" Or Finesse To Avoid Being Literally "Gobbled Up" By These Savage Lepers.

3. It Had To Be Dumb Enough Not To Be Afraid Of The Most Grotesque Of Things.

The (Canis) Dog And The Fox Family, And From Her Is The Wolf.

The **Dog, (ب K) Kalb** In Ashuric/Syriac (Arabic) Was The First Animal Chosen Because It Possesses A Disagreeable Nature.

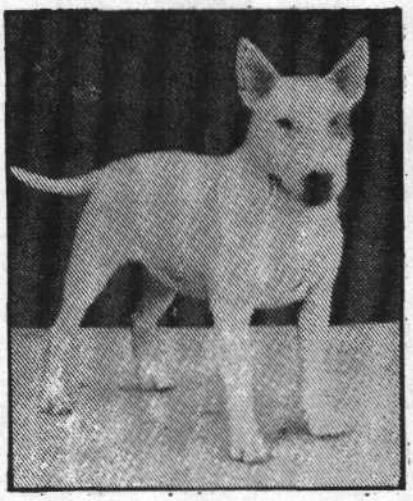

Figure 47
Bull Terrier

The Dog Is The Animal These Euro-Americans Love So Much. This Is Why When Their Language Was Established, They Took This Name "Dog" And Reversed Its Spelling To Read **"God."** So, They Took The **"Dog,"** And Worshipped It, Who Was **Anubis.** The Symbol Of Death (This Will Be Explained Further In This Book). This Is The Blasphemy That They Tried To Replace The Most High's Name With. The Dog Was Also Chosen Because It Is So Dumb That If You Told It To Fetch A Stick And Threw It Over The Side Of A Bridge, It Would Go Get It. The Established Language That These People Were Destined To Speak Was To Be Called German. Note: **Germ-Man.**

The Rat

Figure 48

The Second Animal Was The Rat. This Species Of Rat Is Called **"Rodentia"**. The Ashuric/Syriac (Arabic) Word For Rat Is **Faar** (فار), And Is Getat (ᎾᏂᏏᏏ) In Nuwaubic, Which Is Similar To The Aramic (Hebrew) Word For Rat, **Farah** (פרה). It Had To Be This Rodent Because It Eats Anything, Including All Manner Of Filth (Except Metal). The Rat Is Nothing But A Big Disease, Immune To Disease By His Own Filth. This Animal Vowed To Plague Humanity Because Of This Act.

The Third Animal To Be Chosen Would Have To Be Clean By Nature And Have Wisdom. This Was The "Cat" Which Is **Hir** (هر) In Ashuric/Syriac (Arabic), And Is Keduk (TV ᗡ ᑌᒣ) In Nuwaubic. The Cat, Because Of Its Wisdom, Overstood The Operation. So She Vowed To Protect The **Adamites And Enoshites, Seed Of Adam (Zakar)** Against The Rat. The Cat Is So Smart That, Because Of Its Finesse, It Acquired The Name Finicky. Cats Are Used In Witchcraft Practices, And They Are Known Pets. This Animal Is So Different From Other Animals Because Of Its Cleanliness. The Cat Can Outsmart The Dog. Cats Are Catered To All Around The World.

This Is Where You Get Your Roman Catholic Church From, Which Is "Roman", CAT And **HOLISTIC,** Meaning ***"Cat Holy"*** **Or** ***"Holy Cat."*** The Holy Cat Is Symbolic Of The Sphinx, Which Represents A Cat Man With The Face Of A Pharaoh And The Body Of The Lion And Also Represents The Egyptian Lion Of Judah Which Is Jupiter (Also Called Zeus).

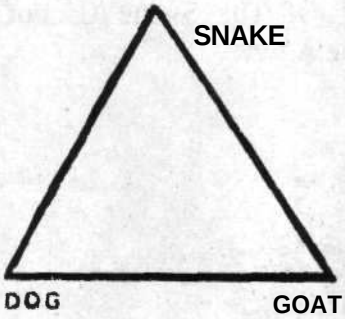
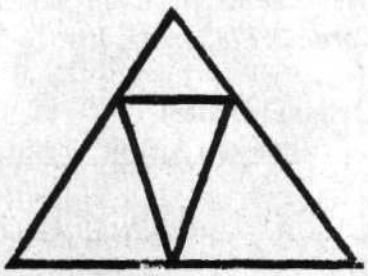
Different Forms Of The Reptilians, Luciferians In The Animal World



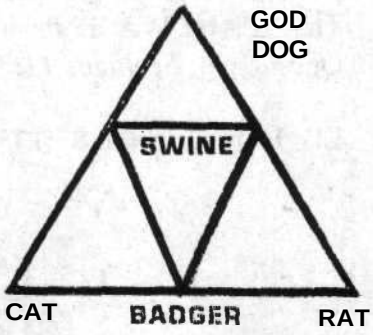
Shaggies, Hairy Beings (The Dog); The Disagreeable. **Anubis** Is The Deity Of The Dead, And He Represents The Dog. He Is Able To Sight Spirits.

Reptilians Disagrreable (Snake Like); Who Has The Nature And The Ability Of The Serpent, To Seduce Man.

Goat Ram: Which Represets The Baphomet Symbol Of The Devil, Used In Witchcraft



This Is The Symbol Imhotep Gave To Abraham So That Zoser (Abdul Qudduws) Could Find The Answer For Him.



This Was The Formula That Abraham Was Given For The Cat, Rat, And The Dog. He Gave The Symbol To Zoser (Abdul Qudduws) Who Added: The Cat And The Dog, Calling It A **"Dat"** Dog + Cat = Dat, Then The Rat And The Dat Were Crossbred.

Ques: Being That These Were Three Different Species Of Animals Whose Mating And Breeding Habits Differed, How Was This Possible?

Ans: Today, This Breeding Process Is Called **Genetic Programming, Genetic Engineering, And Selective Breeding.** Zoser Used The Process Of Fusion. **Fusion** Is The Act Of Melting The Abnormal, Bringing Together On Adjacent Parts Of Bodies. The Sperm Of These Mammalian Creatures Were Brought Together. However, This Is A Very Delicate Process, Which Requires Much Control And Conditioning. And For The Make-Up Zoser Wanted Special Breeding Was Also Required. ***(Refer To The Holy Tablets, Chapter 13 Qarnu Ibrahiym).*** When I First Started Teaching This Back In **1967 A.D.** I Was Laughed At, But Now-A-Days It's All Over The News. Cloning Is Done Every Day By Scientist. When This Process Was Finished, Abraham Took A Herd Of The Swine Up Into The Mountains To Exterminate The Filth, Dead Carcasses, And Rotten Flesh. Only Then Could The Caucasians Be Brought Out Of The Mountains (Between The Black And

Caspian Sea) To Be Treated For This Disease And Be Civilized. The Swine Was Designed To Be A Scavenger, To Eat Up Filth And Abomination, But When They Had Done This Work It Was Not Designed That Men Should Turn Around And Eat The Swine! The Fact That **YAHUWA** Forbade The Eating Or Even Touching Of The Swine Cannot Be Questioned, ***Leviticus 11:7, Koran 2:173, 6:145,*** Just To Name A Few.

Koran 2:173 (Wrong **Order)**

"HE HATH ONLY FORBIDDEN YOU DEAD MEAT, AND BLOOD, AND THE FLESH OF SWINE, AND THAT ON WHICH ANY OTHER NAME HATH BEEN INVOKED BESIDES THAT OF GOD. BUT IF ONE IS FORCED BY NECESSITY, WITHOUT WILLFUL DISOBEDIENCE, NOR TRANSGRESSING DUE LIMITS, THEN IS HE GUILTLESS. FOR GOD IS OFTEN FORGIVING MOST MERCIFUL."

According To The American Heritage Dictionary Swine Is Defined As:

swine (swīn) *n.*, *pl.* **swine. 1.** Any of various omnivorous, even-toed ungulates of the family Suidae, including pigs, hogs, and boars, having a stout body with thick skin, a short neck, and a movable snout. 2. A person regarded as brutish or contemptible. [Middle English, from Old English *swīn*. See **su-** below.]

The Swine

The Word Swine In The English Dictionary, Is Defined As ***"ToStink, Be Putrid."*** The Ashuric/Syriac (Arabic) Word For Swine Is **Khinziyr** (خنزير),And In Aramic Hebrew **As Khay-Zeer'** (חזיר). The Root Letters KH N **DH Are** Also Found In The Following Words:

خنزيرة	Sow
خنزب	Satan, Or (Reprobate-One Rejected By El Eloh, Beyond Hope By Salvation)
خنزير بري	Boar, Ape

It Is Interesting To Also Note That The Suffix Of *Jesus* Or *Zeus,* Which Is **Sus** From The French Latin Meaning ***"Swine Hog, Sow"***, As Defined In The **Webster's Third New International Dictionary *(Refer To The Special Edition Bulletin #19).*** This Is The Scientific Classification For The (Pig), **Sus Scrofa,** Which Means ***"Breed Swine."*** The Swine Is A Domesticated Pig Or Hog. The Word **Domesticated** Means To ***"Tame"*** And Breed For Many Purposes; A Tamed Animal. Various Countries And Their Spellings Of The Word Swine Are As Follows:

Hindu - Suar

Aramaic חזירא

Syrian ܚܙܝܪܐ

Sabean

Ethiopian ሐረዊ

Greek Χοιρων

So, The Christians' "God" Is Named After The Pig,

The Word Souse (Sus) Is The Name Of A Certain Type Of Combination Of Pork That Is Pickled. Souse Is Also A Nickname For The South, As In Souse Carolina.

As I Mentioned Before, There Were Many Dead Carcasses In The Caucasus Mountains. Besides Having Leprosy (Which In Itself Was A Rotting Process), They Also Contracted Diseases Which Spread And Caused Famine. The Swine Was Used To Clear Away The Leper Infested Bodies So That Abraham Could Reach The Lepers Who Were Still Alive.

*"AND ABRAM TOOK SARAI HIS WIFE, AND LOT HIS BROTHER'S SON, AND ALL THEIR SUBSTANCE THAT THEY HAD GATHERED AND **THE SOULS THAT THEY HAD GOTTEN IN HARAN;** AND THEY WENT FORTH TO GO INTO THE LAND OF CANAAN; AND INTO THE LAND OF CANAAN THEY CAME."*

Abraham Brought Specimens Of Lepers Called **"The Souls"** Down From The Mountain Of Haran, Which Is Called The Original Land Of Canaan. He Brought Them To The Caves Which Is Called The New Land Of Canaan In Israel. ***(Refer To Are Caucasians The Edomite, Scroll #143***). This Was Done In Order For Him To Learn More About Their Diseases And How To Cure Or Control Them.

These Canaanites Later Mated With **Shaggies,** And Were Human Beasts From **Enkidu,** Also Called **Behometh,** Beast Of The Field. This Became Their Pri-Mates And The First Beastiality Act. They Also Mixed With The **Flugelrods Halaabeans Or Hulub**.

Ques: Who Are The Flugelrods, Halaabeans?

Ans: The Flugelrods Are A Race Of Beings Cloned By The Mad Scientist Yaaquub. They Were Genetically Spliced And Grafted For The Purpose Of Removing The Disagreeable Nature Out Of The Asiatic Black Men (The Original Hindus), Who Are Descendants Of The Hindu Demons. The Outcome Of This Graftation Resulted In A Being With Blonde Hair, Blue Eyes, Lacking Melanin. Their Bodies Were All Covered In Hair, And They Walked On All Fours, Eating Raw Flesh, And Living In The State Of Beastiality. They Found Their Way Into The Inner Caverns Of The Planet Earth, Where They Now Reside.

Figure 54
A Tribe Of Flugelrods

This Graftation Took Place **8,400 Years Ago,** And Should Not Be Confused With The Albino Seed, The Cursed Of Caucasians, Who Are The Descendants Of Libana (Canaan) Of **4,000** Before **2,000 Years Ago, .** ***(Refer To "The Melanin-IteChildren", Scroll #133),***

The Flugelrods Took Refuge In The Caucasus Mountains, Where Libana (Canaan) The Albino, And His Wives Salha, Shingarah, Hitarah, And Hildar Dwelled Between The Caspian And Black Seas. They Later Became Known As The Amorites **"Mountain Dwellers".** The Land Of Canaan, At This Time, Was Stricken With Famine. This Caused Abraham And His Family To Move Out Of The Land Of Canaan Into Egypt With The Raw Flesh-Eating Lepers. While In Egypt, Abraham Went To Find The Cure For The Curse Of Leprosy. Abraham Was Keeping The Lepers In Cages, He Stayed In Egypt Long Enough To Have Them Examined By The Elders, Or The High Priests. He Did This So That They

Could Find Out How To Begin The Job That **YAHUWA** Had Sent Him (Abraham) To Do. Abraham, However, Had To Civilize Them And Teach Them The Truth. ***(Refer To, Sons Of Canaan, Scroll** #149)*

The Europeans Of Today Are A Result Of These Uncivilized "Lepers". This Is The Reason The Yiddish Speaking Germans, Today Called **"Jews,"** Refer To Abraham As Their Father. Abraham Taught Them How To Walk Upright, And Eat With Utensils. (This Was Necessary So That They Wouldn't Contaminate Their Food With Their Diseased Hands.

Ques: Who Was Canaan And Why Was He Cursed?

Ans: (Libana) Canaan, Which Means ***("Milky White,")*** Was The Fourth Son Of Ham And Haliyma. He Got The Name **Canaan** ***"Lowlander"*** When He Moved From The Lowlands Of **SHINAR** Up Into The Caves By The Flugelrods. He Is The Caucasian's Adam Of 4,000 **Years** From Before Yashu'a Of The **2,000 Years Ago.**

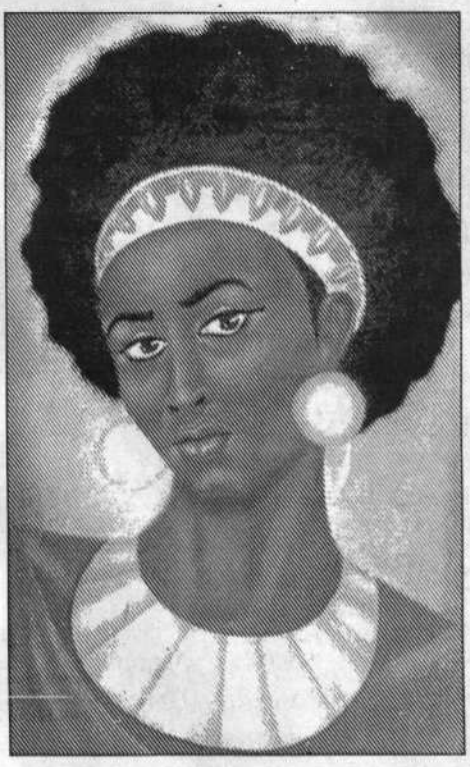

Figure 55
Haliymah Wife Of Ham

Libana's (Canaan's) Father Was **Ham** Which Means ***"Black"*** And His Mother Was **Haliymah.** Haliymah Was The Daughter Of **Shakar (Yubin) And Anis,** The **Anakite**. **Shakar (Yubin)** Was The Son Of **Ja'bal** Of **Nod.** Ham (Libana's Father) Was Possessed By Anak, Azazil's (The Disagreeablel One's) Bride, After Having An Argument With His Wife Haliymah. This Led Him To Look At His Father's (Utnafishtim/Noah) Nakedness. Utnafishtim (Noah) Was Not Aware Of The Effects That Would Result From Drinking The Pressed Juice Of The Grapes, So He Became Drunk And Laid Down To Sleep In His Tent Unclothed.

This Resulted In Ham's Fourth Son, Libana Being Cursed. Ham's Act Was Such A Great Sin, ***(Leviticus** 18:7),* Because By Letting Anak Possess Him He Made It Possible For The 200 Fallen Angelic Beings (Cherubeems) And **Azazl** (The Disagreeable One) To Reincarnate In Libana's Eleven Sons. (Sidon, Heth, Jebus, Amor, Girgash, Hiviy, Arkiy, Siniy, Arvadiy, Zemar, And Hamath).

The Word ***"Caucasian"*** Derives From The Word **"Caucasus"** Which Are Mountains In Russia. According To **Webster's Ninth New Collegiate Dictionary** Caucasian Means: ***"1. Of Or Relating To The Caucasus Or Its Inhabitants 2. Of Or Relating To The Pale Race Of Mankind As Classified According To Physical Features, B: Of Or Relating To The Pale Race As Defined By Law, European Ancestry."*** Because They Originally Inhabited The Caucasus Mountain Areas, Their Complexions Vary From Light To Tan Skin Hues With Straight Hair. Because Of The Unlawful Act That Ham Did, His Offspring Libana Was Cursed ***(Genesis*** *9:25).* These Feelings Of Homosexuality And Fornication Were Not New. It Was The Mentality Of Many People Existing Before The Flood, Because Of The Original Hermaphrodite.

Ques: Where Did The Original Hermaphrodites Come From?

Ans: They Were Avatars Who Incarnated On The Planet Earth. Their Coming Down To The Planet Earth Is Recorded In The Upanishads. They Came In Crafts Called **Vimaanas,** As The Upanishads Recorded. The Original Hindu Demons Gave Praise To The Avatars Of The Sky. They Are Known In Biblical History As The Two Hundred Fallen Angels, And The Hindu People Descended From Them. These Disagreeable Angelic Beings Were Hermaphrodites Having Both Male And Female Genders. They Were **Androgynous** Meaning ***"HavingMale And Female Characteristics."*** They Arrived Many Thousands Of Years Ago And Took Residence In The Land Called Nod. Then They Moved In The Earth To Set Up Bali And In India Where They Were Worshipped.

Ques: What Is The Upanishads?

Ans: They Are Chronologically The Latest Portions Of **The Vedas,** The Sacred Text Of Hinduism. The Earliest Upanishads Dates Back 900-600 B.C., Pronounced ***OO PAN IH SHADZ.*** They Are Sometimes Called **Vedanta** Which Means ***"The Suming Up Of The Veda."*** The Upanishads Means ***"To Sit Close To."*** Several Important Hindu Schools Of Thought, Including The Sankhya And Yoga Schools, Were Founded On The Teachings Of The Upanishads. These Teachings Follow Two Basic Philosophies. One Is Called **Brahman** Which Corresponded To **Atman,** The Soul. The Other States That The Soul Is Individually Divine. The Oldest Upanishads Are ***Isa, Kena, Katha, Prasna, Mundaka, Mandukya, Taittiriya, Chandogya, Brhadaranyaka, Svetasvatara, Kaushitaki, And Maitri.*** In All, There Are Thousands Of Recorded Documents About The Arrival Of All Kinds Of Creatures To The Planet Earth, Some With Turquoise Skin Color, Others With Multiple Arms. Some Had Pig Faces, Some Were Part Human And Part Snake, Mermaids And The Likes.

Ques: Is There A Such Thing As A Hermaphrodite, Are They Real?

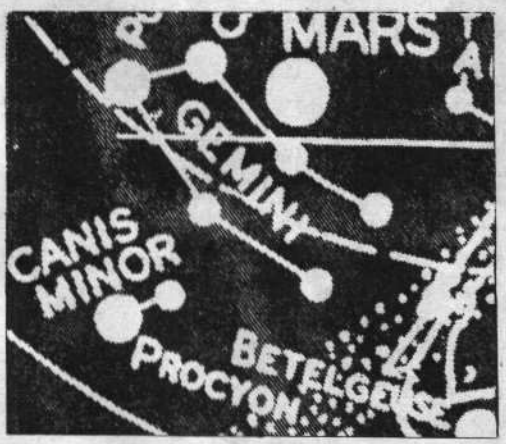

Diagram 7
Procyon

Ans: Yes, Quite Real, Let Me Explain. The Original Hermaphrodites Came From The Sixth Planet In **Orion,** Also Called **Nirvana And Procyon.** The Eighth Brightest Star In The Constellation, Is The **Canis Minor, Or The Dog Star,** Called **Kalb, Kulaab** Which Means "***Before The Dog***". These Hindu Demons Were Identified As Cherubeem And Classified As The Disagreeable Avatars. They Are Known As The Two Hundred Fallen Eloheem, And The Hindu People Are Descendants Of Them.

Ques: What Is A Hermaphrodite?

Figure 75
Hermaphrodite

Ans: A Hermaphrodite Is A Person Who Has Both Male And Female Gender, And Is Called **Androgynous,** Meaning ***"Having Male And Female Characteristics."*** Notice How Close This Word Is To The Star Constellation **Andromeda,** Where The Insect-Like Beings Come From. The Hideous Features Of This Being Was Shown To You In The Movie Called ***"Predator."*** These Are The Beings That Met With Former President **Harry S. Truman** In A Meeting In **1952 A.D.** The Sight Of Them Was So Repulsive That He Could Not Deal With Their Appearance And So Another Meeting Was Held In **1953 A.D.** With

Former President Eisenhower With Other Beings. ***(Refer To Are There U.F.O's In Your Midst, Scroll #84 And Man From Planet Rizq Scroll #82).***

Most Insects Are Hermaphrodites Because Of Their Ability To Reproduce Within Themselves. An Example Is, The Scarab Beetle Of Ancient Egypt. It Symbolized A Time When The Ancient Egyptian Deities Were Able To Reproduce Or Procreate Within Themselves. This Is Called **Parthenogenesis.** Hermaphrodites All Have A Mixture Of Male And Female Chromosomes X's And Y's Which Can Be Confused When Looked At Under A Microscope. If A Y Is Behind An X Or Vise Versa, You Will Not Be Able To Tell Them Apart.

Figure 76
The Beings From Andromeda

Diagram 8

Diagram 9

Ques: What Does The Term "Parthenogenesis" Mean?

Ans: Parthenogenesis Is The Ability To Reproduce Without The Combination Of A Mature Sperm Or Egg Of The Opposite Sex. In Ancient Egypt (Khemet), Women Of The Nile Were Able To Procreate Or Reproduce By An Egg. This Was When Women Were Worshipped As Deities. The Whole Story Of **Osiris** (Usire), **Isis** And The Birth Of **Horus** Attests To That Fact. When Osiris Was Dead, Decapitated, And Mutilated Into 14 Pieces By His Brother Set, Isis Sought Him Out With The Aid Of **Nephthys** Her Sister At **Byblos In Phoenicia** In The Temple Of The **King Melcharthus.** They Recovered All, But One Part. This Was His Phallus (Penis), Which Had Been Swallowed Up By A Fish. With The Help Of **Anubis,** The Body Was Put Back Together. Isis, Who Took The Form Of A Kite, Mounted His Reconstructed Body And Gave Birth To Horus. This Story, Which Is Recorded In Ancient Egypt, Is Believed To Be True. It Is Clear That Osiris Was Dead And Unable To Ejaculate Living Sperm (Semen) In Order To Fertilize Isis' Eggs, Which Means She Had To Have Had A Virgin Birth. This Is Something Recorded Many Times In History With Gods Right Down To The Present Day Normal People. This Isis Story Is The Same Isis Being **Isthar,** Osiris Being **Dammuzi,** And Horus As Being **Tammuz**.

This Would Also Apply To Mary And Jesus, According To Christian Beliefs. Christians Believe That She Conceived Without The Sperm Of A Man. Christians ***(Luke 1:27-31),*** Muslims ***(Koran** 3:47),* And Jews ***(Isaiah 7:14)*** All Agree With Virgin Births, Which Would Mean That Men Originally Came From Women. In Fact, There Is The Religion Of **Parthenogenesis** Which Was Also Called **Parthenonism**. This Religion Teaches That Man Came Out Of Woman. It Is A Scientific Fact That A Woman Has Things Inside Of Her Body That A Man Doesn't Have. However, Everything Inside A Man's Body Is Found In The Woman's Body. In Fact, The Reason Why Men Have Breast Nipples And Don't Breast Feed Is Because, He Is Actually In The Image And After The Likeness Of A Woman,

Ques: So What You Are Saying Is That Man Came From The Woman And Not Woman From Man?

Ans: That Is Exactly What I Am Saying. For Example A Man's Penis Is An Elongated Clitoris. There Is Three Stages Of Development. In The First, There Is **Neutral Gender** As An Egg. Then In The **Second Stage, The Fetal Stage** The Woman Appears To Have A Penis. Then In The **Third Stage,** If The Penis Ceased To Elongate, Then It Is A Female. If It Grows Into A Penis, It's A Male. A Man's Testes Are Incasted In Scrotum, Which Are Nothing But A Woman's Ovaries.

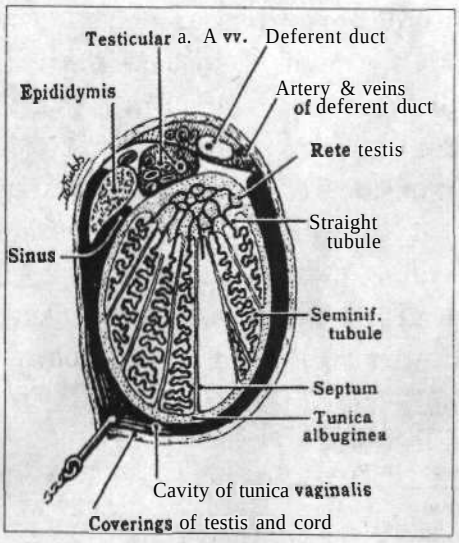

Diagram 11

A Male's Prostate Gland Is Really The Reduced Womb Of A Woman. This Is Why Between The Ages Of 21-48, Many Men Have Problems With Their Prostate Glands. In Males, The Prostate Gland Surrounds The Part Of The Urethra That Is Located Just Below The Urinary Bladder. Prostatic Secretions, Which Are Slightly Alkaline, Pass Into The Urethra Through Several Ducts And Are Believed To Increase The Mobility And Fertility Of Spermatozoa. Cancer Of The Prostate And Prostatitis Are Two Problems That May Arise.

Cancer Of The Prostate: Has Been Found In A Large Percentage Of Adult Males. This Gland Has A Tendency To Enlarge In Old Age And Obstruct The Urethra, Thus Causing A Surgical Removal **(Prostatectomy)** Necessary.

Prostatitis: Is An Inflammation Of The Prostatic Gland. It May Be Caused By Bacterial Invasion, By Other Infectious Agents Or By A Variety Of Other Problems. Micro Organism Usually Are Carried To The Prostate From The Urethra. The Symptoms Of Prostatitis Are Many And Include Perineal Discomfort, Burning, Urgency, Frequency Etc. Prostatitis May Be Classified As Bacterial Or Abacterial Depending On The Presence Or Absence Of Microorganisms In The Prostatic Fluid.

Ques: How Does Some Homosexuality Come About?

Ans: First Of All, You Must Establish That There Are Various Forms Of What Is Called Homosexuality Today. There Are Those That Are Born With The Spirit Of A Woman In A Body Of A Man, Which Is The One We Will Deal With Here. Not To Be Confused With Those By Conversion Or Persuasion. That Is, Many Homosexuals Become Homosexual By Force, As In Prison And The Military, Or Molestation. Some By Peer Pressure, Others In An Attempt To Act Proper Or Sophisticated And End Up Appearing To Be Soft Or Gay, Attracting The Gay Crowd Or Friend And Eventually Decide That's What They Want To Be. That's Their Preference And It's Alright. *(Refer **Sodom Misinterpreted, Scroll** #123).*

In The Case When A Homosexual Is Living In A Female Body, This Happens Before They Are Born And This Is Why They Go All Out Of Their Way To Get A Sex Change, Which May Appear Extreme To You, But They Are Not Satisfied Until Their Mind And Body Are One In Gender.

Let Me Explain How This Happens. At The Beginning Of Their Development As A Zygote Only A Small Amount Of Testosterone Is Secreted, Just Enough To Make Testes Form On The Developing Embryo, But Not Enough To Exercise Proper Brain Chemistry And Pituitary Gland Balance, Thus Homosexuality Occurs Naturally. This Has Nothing To Do With The Conversion Of Homosexuals. In Some Cases, One Is Converted By Being Raped By A Member Of Their Own Sex, And Still In Other Cases, One Is Fondled By A Member Of Their Own Sex. It Is More Prominent In Caucasians Than Any Other Race On The Planet. In Fact, The Ancient Greeks Are Known For Their Homosexual Activities.

THE fear Natsche sisters wore being raised just like any other normal, healthy girls — until they discovered they were really boys!

AH of the kids were born with * rare genetic defect that made them appear to be female, but surgery and hormone treatments have finally restored them to their true male gender and they couldn't be happier.

"My patienti axe happy because they enjoyed being transformed into malm," says Dr. Yousef Al Masri, who performed the operations.

Mohammed, 17, Hibe, 12, Dana, 11, and ten-year-old Ayat were all born with male genitals that had not descended past the pu*

Surgery and hormones make them all-man

bic bone, so they were hidden.

The children also had low levels of the male hormone testostenon*, giving them femalecharacteristics.

So their unwitting parents brought them up as daughters. They had long hair, wore jewelry and performed the female duties in their Amman, Jordan, household.

But all hell broke loose when Mohammed reached puberty. His voice deepened, he developed a beard and a manly build. It was clear to the Natsches that something was very wrong — so they went to Dr. Masri and got the incredible news.

Mohammed underwent hormone treatments and surgery that permitted his genitals to descend. Then the change was complete — Mohammed was male.

A* hi* three younger "sisters" grew up, they too began to develop masculine characteristics.

So Dr. Masri performed three more operations.

Now the four boys are all fully-functioning males — and because of the high value Arab society places on having boys, the family was overjoyed at the odd turn of events.

Ques: What Is The Meaning Of The Word Cursed?

Ans: If You Go Back And Look At The Quote ***Genesis 9:25*** The Aramic (Hebrew) Word **For Cursed** Is **Arr** (TIN). And In Ashuric/Syriac (Arabic), The Word Used For **"Cursed"** Is (ملعون, **Mal'uwn**), Meaning ***"One Who Is Cursed"***. It Is In The ***Koran 15:35*** **As La'na** (لعن), As Ibliys Being **Cursed** To The Day Of Sentence. It Is Also In ***Genesis 4:11,*** In Aramic (Hebrew) The Word Is **Awrar** (ארור) And Is Also Used In Reference To **CAIN** Being **"Cursed"** From The Earth.

Look At How Close The Arabic Word **Maluwn** Is To The Word **Melanin,** This Root Word **La'na** Meaning ***"To Curse, Damn, Execrate, To Utter The Oath Of Condemnation, To Curse Each Other, Malediction"*** Is Also Found In The Following:

1. **La'iyn** (لعين) Cursed, Confounded, Damned, Outcast, Execrable, Detested, Abhorred, Abominable (As In The Abominable Snowman, The Caucasians' Missing Link),
2. **Al La'na** (اللعنة) The Evil One, The Reptilians, Luciferians.
3. **Matala'in** (متلاعن) Cursing Each Other, Hostile, Inimical

This Curse **La'anat** (لعنة) Is The Physical Curse Of Leprosy, Which Is Where The Canaanites Came From. Canaan Was Born Pale, An Albino; That Is, With The Curse Of Leprosy.

> *The Word "**Albino**" (الامهق) Is An Ashuric/Syriac (Arabic) Word In Itself. An **Albino** Is An Organism Lacking Normal Pigmentation, Such As A Person Having Abnormally Pale Skin, Very Light Hair, And Lacking Normal Eye Coloring. Portuguese From **Albo**; White; From The Latin **Atbus.** The Portuguese Took This Name From The Arabs In Egypt.*
>
> **Albinism:** *In Human Beings Has Long Been Used As An Example OfA Simple Dominant-Recessive Gene Relationship. The Recessive Gene Allele*

For Albinism Fails To Determine An Enzyme Required To Produce The Pigment Melanin, And The Gene Is Epistitic To Other Genes Controlling The Degree Of Pigmentation. Persons Who Are Homozygous A/A Will Lack The Pigment No Matter Whether They Are From Fair-Skinned Or Dark-Skinned Races. You Can Imagine The Consternation Of Geneticists When They Found Two Albinos Who Had Married And Had Children With Very Dark Skin, Hair, And Eyes. ***Albinise****, Is From The German* ***Albinismus****.*

Libana (Canaan) Lacked Pigmentation (No Color), So His Skin Was Pale And Translucent (Can Be Seen Through), But He Still Had Woolly Hair. His Seed By His Other Wives, Such As **Amor,** Father Of The Amorites Had Very Straight, Light Hair As A Result Of Leprosy. Leprosy Is Defined As: *"A* ***Chronic Infectious Disease Caused By A Bacillus, Mycobacterium Leprae Which Results In Paralysis, Ulceration, Gangrene, And Mutilation*** (Cutting Of Limbs). Leprosy Is Also Called Hansen's Disease, Hans-Sen Ham's-Son, Canaan!!!

If You Look In Your Bible At *Leviticus 14:34,* The Word In Aramic (Hebrew) Being Used For Leper Is **Tsawrah (צרע)** Meaning ***"To Be Diseased To The Skin, To Have Leprosy".*** This Disease Was Considered A Plague. The Aramic (Hebrew) Word For Plague Is **Neh-gah (נגע)**. Note How Close This Is To The W9rd Nigger. The Word Nigger Is An Adjective Of The Noun Negro. According To Dr. Blair The Word **Negro** Comes From The Greek Word Necros, Meaning ***"Dead, Corpse."*** The "C" Was Changed To A "G", Thus You Get The Word Negros. This Is Not True. Firstly, The Origin Of The Word **Nigger** Is Latin, ***Nigrum***, Meaning ***"Of Black,"*** And Secondly The Word **Nekros,** Nek-Ros, Is Spelled With A "K" And Not A "C", As Found In ***(Matthew 8:2).*** The Point Is, The Canaanites Call Us *Nigger,* This Is Subliminally Saying We Are A Plague, However, In Actuality They Are The Diseased.

Also Notice That The Word Lep-Rosy Which Is Short For Roses, Which Is Symbolic Of The **"WAR OF THE ROSES".** A War That Occurred In Europe In The **1400's** Between Two Families, The Yorks And The Lancasters.

Ques: What Is The War Of The Roses?

Figure 82
John Of Gaunt, Duke Of Lancaster

Ans: The Two Branches Of The Royal Houses Fought For The English Throne; The Symbol Used By The House Of The Yorks Was The White Rose. The House Of The Lancasters Became Identified With A Red Rose. The War Began In **1455 A.D.** With The Battle Of Saint Albans, And Ended In 1485 A.D. With The Battle Of Bosworth Field.

King Henry IV Of The House Of Lancaster Held The Throne When The War Of The Roses Began. Richard, Duke Of York, Claimed That Henry VI Had No Right To Be King. The House Of Yorks Ruled Until Richard III Lost His Throne To The Lancasters Descendant.

Figure 83
Richard, Duke Of York

Henry Tudor, Who Became King Henry VII In 1485 A.D. Married Elizabeth, Daughter Of Edward IV, Uniting The Houses Of Lancaster And York, And Founded The Tudor Dynasty. The Duke Of York Wanted To Breed A Traditional Code Of Intermarrying, And He Intermarried A Girl From The Family Of Lancasters. Their Station Was In Yorkshire England. The York's, Who Were Hemophiliacs, Scheme Was To Intermarry Into The Lancasters Who Later Migrated To America. ***(Refer To Our Bondage, Scroll 66)***

Due To The Lack Of Protein In Albino's Body, The Follicles Of Their Hair Lie Crosswise, And The Hairs Emerge In A Slanting Direction On The Surface Of The Skin. In Other Words, It Literally Flops! Because Libana (Canaan) Was An Albino He Lacked The Normal Eye Coloring, Which Caused His Eyes To Be Weak And Sensitive To Direct And Indirect Sunlight. ***(Refer To "The Melan-Ite Children" Scroll #133).***

Even Though This Woman Has Heavy Melanin Deposits In Her Skin, And Her Husband Has The Same, Their Child Has Very Little Melanin Deposits Because Of The Epistatic Effect Of The Gene For Albinism. However, This Does Not Make Him A Caucasian, With Blonde Hair And Blue Eyes. **His Hair And Eyes As You Can See Is Just Like Canaan's. He Still Is A Nuwaubian.**

Figure 84

This Is Why Libana (Canaan) And His Sister Salha (Who Were Both Moors), And Their Descendants (Who Inherited This Trait), Sought Refuge In **Har** The Mountains Where The Lights Were Dim. Libana Began To Reproduce With His Four Wives, Who Were **Salha (Nuwaubian), Shingarah (Anakite), Hildar (Horite), And Hitarah (Flugelrod, Halaabean).** The Cold Climate Of The Mountains Was Conducive To The Leprous Condition Of The Canaanites, Because It Stopped The Leprosy From Spreading. The Blood Of Most Albinos Does Not Contain The Necessary Factors For Clotting And Reproduction. They Must Receive Blood Transfusions At The Time Of Birth And Then Regularly Throughout Their Lives. This Is Why They Came Down From The Caucasus Mountains.

Ques: Why Did (Libana) Canaan Flee From His Own Family Whom He Lived Amongst?

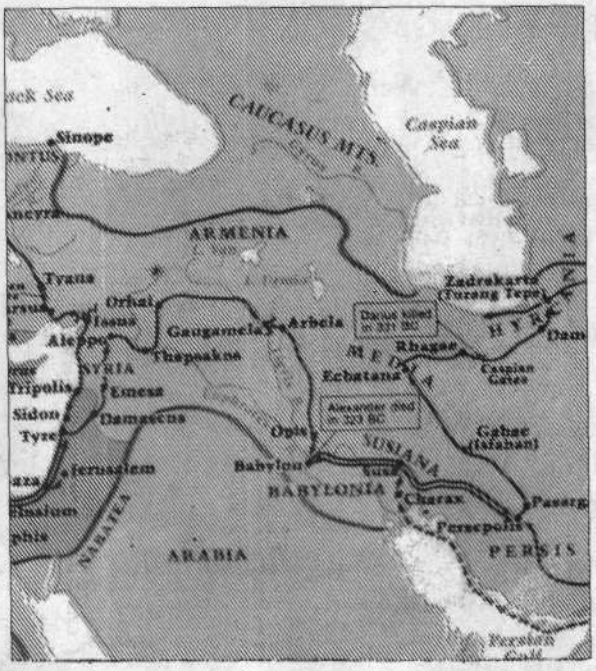

Diagram 19
The Caucasus Mountains

Ans: Because He Was White And Scabby. This Was Caused By His **Leprosy** And Albinism. Everyone Else In His Immediate Family Was Dark Brown And Smooth Skinned; They Made Fun Of Him As A Child. People Shunned And Persecuted Him, So He Fled To The Caucasus Mountains (Carcass-Asians, Caucasian Means ***"Deteriorating" Asians).*** Libana (Canaan) Went Into The Mountains, Because Cold Air And Dim Light Which Was More Favorable To The Conditions Of Leprosy And The Albinism In Him.

Since They Dwelt In The Mountains Amongst The Horites, They Acquired The Name **"Amorite"**, Which Literally Means "***Mountain Dwellers***". This Was Also The Name Of His Fourth Son By A Mountain Dweller Named Hitarah , The Flugelrod. So He, Libana, Named His Son Amor, The Father Of The Amorites.

Remember, That All Of The Sumerians And The Ancient Egyptian Deities Were All Nuwaubians, And The Nuwaubian Race Is A Chosen People Of The Creator, **THE MOST HIGH.** That's Why Our Race Has And Is Undergoing So Much Affliction!!! If The Canaanites Would Let You Know The Truth About Your Ancestors Or Your Heritage, He Would Have To Bow Down To You, The Nuwaubians All Over The World. Just As Reptilians, Luciferians Had To Bow Down To Kadmon (Zakar), Who Was Created Of Black Mud And The Dust Of The Ground, As Your Scriptures Say.

BESTIALITY

Ques: What Is Bestiality?

Ans: Beastiality Is Mentioned In The Bible In ***Leviticus 18, And 20.*** Let's Refer To Them, ***Leviticus 18:23*** And I Quote: *"NEITHER SHALT THOU LIE WITH ANY **BEAST** TO DEFILE THYSELF THEREWITH: NEITHER SHALL ANY WOMEN STAND BEFORE A **BEAST** TO LIE DOWN THERETO: IT IS CONFUSION."*

The First Thing We Are Going To Look At Is Just What Word Is Being Used For Beast. The Aramic (Hebrew) Word For Beast In This Quote Is **Behaymaw** (בהמה) And Refers To A Beast, Catties, Animal; It Could Be Found Many Places In The Bible, ***Leviticus** 7:24; **11:39, 18:23, 20:16, 20:25,** 5:2, 7:21, **11:2-3, 26:22,** 27:27-28.* If You Open Your King James Version Of The Bible You Won't See The Aramic (Hebrew) Word **Behaymaw,** They Have Translated It In Various Different Ways **"Cattle, Beast, Animal, Wild Beast."**

Leviticus 18:23

Modern Hebrew Script

וּבְכָל־בְּהֵמָה לֹא־תִתֵּן שְׁכָבְתְּךָ לְטָמְאָה־בָהּ וְאִשָּׁה לֹא־תַעֲמֹד לִפְנֵי
בְהֵמָה לְרִבְעָהּ תֶּבֶל הוּא׃

***LO** (NEITHER) WILL YOU**NAW-THAN**(GIVE, LIE) WITH KOLE (ANY) **BE-HAY-MAW** (HUMAN BEAST- NON SPEAKING MAMMAL) TO **TAW-MAY** (DEFILE, TO BE UNCLEAN) YOURSELF THEREWITH: LO (NEITHER) WILL ANY **ISH-SHAW**(FEMALE LIVING BEING) AW-MAD (STAND) **FAW-NEEM**(IN FRONT OF) A **BE-HAY-MAW** (HUMAN BEAST- NON SPEAKING MAMMAL) TO **RA W-BAH** (LIE DOWN) THERETO: IT IS **TEH'-BEL** (UNNATURAL BESTIALITY, CONFUSION, MIXTURE).*

And You Will Not Lie With Any Beast To Defile Yourself With It; Neither Will Any Woman Stand Before A Beast, To Lie Down With It: It Is Confusion.

Right Translation In Aramic (Hebrew) By:
Nayya: Malachizodok York-El
Mistranslation For King James **1611** A.D.

"NEITHER SHALT THOU LIE WITH ANY BEAST TO DEFILE THYSELF THEREWITH: NEITHER SHALL ANY WOMEN STAND BEFORE A BEAST TO LIE DOWN THERETO: IT IS CONFUSION."

However, The Word Being Used Here Is **Behaymaw** (בהמה), Which Means ***"Beast, Cattle, Animal, Wild Beast, To Be Mute***". In Your Bible The Word **Behaymaw** Is Used For A Beast, Man Of The Field As In ***Ezekiel 29:8*** Where It States And I Quote, *"...BEHOLD, I WILL BRING A SWORD UPON THEE, AND CUT OFF MAN AND **BEAST** OUT OF THEE."* This Quote Is Clearly Making A Distinction Between Man, Which The Aramic (Hebrew) Word Being Used Is **Adamah** (אדמה), Meaning ***"Those Of The Ground";*** And Beast, Which Is The Aramic (Hebrew) Word Used Is **Behaymaw** (בהמה). In Greek The Word For **Behaymaw** Is **Thay-ree-on** (Θγρευω), Which Comes From The Root Word **Thera** (Ογρα), Meaning *"A **Wild Animal, As Game***". The Aramic (Hebrew) Word For Beast

In The Sense Of An Animal, As Used In ***Genesis 7:14***, **Is Khay** (חי), Meaning "***Raw Flesh; Life Or Living Thing, Creature***", Which Comes From The Word **Chayah** (חיה), Meaning ***"To Live Alive, Life"*** And Used In ***Luke 10:34.*** In Greek It Is **Ktay-Nos** (κτηνος), Meaning *"A **Beast Of Burden, A Four-Legged Animal As Opposed To Fishes And Birds***". So You See There Is A Difference In The Bible Between The Beast Of The Field, Which Is **Behaymaw** And A Beast, Which Is **Khay** An Animal. The Word **Behaymaw,** Comes From The Word **Behemoth** Meaning *"A **Huge Beast,"*** Which In Aramic (Hebrew) Is **Behemoth** (בהמות), As Used In *Job 40:15,* The Plural Of The Aramic (Hebrew) Word **Behaymah** (בהמה), Meaning ***"Beast".*** This Word Behaymaw Is Said To Be Derived From The Egyptian Word **(P-Ehe-Mau)** Meaning ***"Ox Of The Water".*** According To The **Encyclopedia Britannica Volume 1,** Behemoth Is Defined As ***"A Powerful, Grass-Eating Animal With Limbs Like Bars Of Iron; A Hippopotamus. Behaymaw Also Translated As Non-Speaking Mammals, Genus-Homo."*** The Word **Mammal** Defines As ***"An Animal With Hair And Mammary Glands On Its Body".*** Human Beings Are Mammals. Behaymaws Are Enkiduites Also Called Shaggies From The 6th Star Constellation Of Orion.

The First Acts Of Bestiality Were Committed When Libana (Canaan) Intermarried With The Flugelrod (Halaabean) Tribe, Through His Wife Hitarah. Bestiality With Dogs And Animals Didn't Happen Until The Canaanites Came Out Of The Caves. **Beastiality** Is The Sexual Seduction Of Any Animal, Be It A Dog, An Alligator, A Gorilla, Or A Pig. It Is Inconceivable To Most People That An Intelligent Being Would Degrade Himself To The Point Of Indulging In Sexual Activity With A Dumb Beast. The Deviation May Arise As A Result Of Fear And Inadequacy In Approaching Members Of The Opposite Sex, And Often, Also As A Result Of Strong Previous Development Of Bestial Patterns Conditioning.

Figure 90
Bestiality

Bestiality Is A Part Of The Low Moral Nature Of The Canaanites. The Sentimental Attachment, And The Physical Attachment That The Canaanites Has With Animals Is A

Part Of His Natural Heritage. It Was Made Clear In **Leviticus 20:15-16** To Lie With A Beast Is A Sin.

Leviticus 20:15-16

Modern Hebrew Script

וְאִישׁ אֲשֶׁר יִתֵּן שְׁכָבְתּוֹ בבהמה ma יומת וְאֶת־הַבְּהֵמָה תַּהַרֹגוּ: וְאִשָּׁה אשר תִּקְרַב
אֶל־כָּל־בְּהֵמָה risnn? אֹתָהּ וְהָרַגְתִּ אֶת־הָאִשָּׁה וְאֶת־הַבְּהֵמָה ma יומתו דְּמֵיהֶם בָּם:

*AND **ASH-ER** (WHICH) A **EESH** (MALE LIVING BEING) **NAW-THAN** (GIVE) WITH A **BE-HAY-MAW** (HUMAN BEAST), HE WILL SURELY BE PUT TO **MOOTH** (DEATH): AND YOU WILL **HAW-RAG** (SLAY) THE **BE-HAY-MAW** (HUMAN BEAST). AND **ASH-ER** (WHICH) A **ISH-SHAW**(FEMALE LIVING BEING) **KAW-RAB** (APPROACH) TO **KOLE** (ANY) **BE-HAY-MAW** (HUMAN BEAST), AND **RAW-BAH** (LIE DOWN) THERETO, YOU WILL **HAW-RAG** (KILL, SLAY) THE **ISH-SHAW** (FEMALE LIVING BEING), AND THE **BE-HAY-MAW** (HUMAN BEAST): THEY WILL **SURELY MOOTH** (DIE); THEIR **DAWM** (BLOOD) WILL BE UPON THEM.*

And If A Man Lies With A Beast, He Will Be Put To Death: And You Will Kill The Beast. And If A Woman Approaches To Any Beast, And Lies Down Thereto, You Will Kill The Woman, And The Beast: They Will Be Put To Death; Their Blood Will Be Upon Them.

Right Translation In Aramic (Hebrew) By:
Nayya: Malachizodok York-El
Mistranslation For King James 1611 A.D.

"AND IF A MAN LIE WITH A BEAST HE SHALL SURELY BE PUT TO DEATH: AND YE SHALL SLAY THE BEAST. AND IF A WOMAN APPROACH UNTO ANY BEAST, AND LIE DOWN THERETO, THOU SHALT KILL THE WOMAN, AND THE BEAST: THEY SHALL SURELY BE PUT TO DEATH; THEIR BLOOD SHALL BE UPON THEM."

Humiliation Is Avoided With A Compliant Animal, And More Rarely From Having Sexual Intercourse With The Animal As Well. Bestiality In Women Is Usually A Form Of Masturbation. The Animal Is Used To Rub Or Lick The Women's Genitals. Mankind's Fascination With The Idea Of Sexual Intercourse With Other Animals Is As It Has Been In Every Time Period. Evidence Of This Is Plentiful In Legend, Magic, Mythology, Symbolism, Ways Of Life, Witchcraft, Art, And Literature. Bestiality Is A Concrete Factor Within Mankind's Heritage And Will Probably Continue To Occur. The Canaanite Possesses This Negative Gene Because At One Point In His Ancestry, There Were Animals Such As The Jackal (Today's Dog). Webbed Toes Are Basically An Animalistic Trait, And So Is **Hirsutism Or Hypertrichosis** (Excessive Growth Of Hair On An Unusual Part Of Or On The Entire Body). Understand, This **"Freak Of Nature"** Is Not Due To Birth Defects Alone. It Is Actually A Hereditary Trait That Is Similar To Inheriting His Father's "Brown Eyes" Or His Mother's "Thin Lips And High Cheeks." Doctors Call This Heredity Of Excessive Hair Hirsutism, And Attribute It To An Abnormality Of The Endocrine Glands, Just As When They Attribute "Freckles" To Too Much Sun And Liver Spots To Old Age,

They Are Lying!!! The Canaanites Needs "Good" Genes So Much, That He Has Branched Off Into A New Science Called **"Genetic Engineering."** He Uses Artificial Insemination To Combat Sterility And To Produce Genetically Superior Offspring. He Has Even Gone So Far As To Test The Cells Of The Human Embryo For Abnormal Chromosomes And Defective Genes, In The Hope That He May Eliminate Genetic Disorders. This Occupies A Great Deal Of The Canaanites Attention In The Field Of Medical Practice.

THE RESULTS OF BESTIALITY AND HIRSUTISM

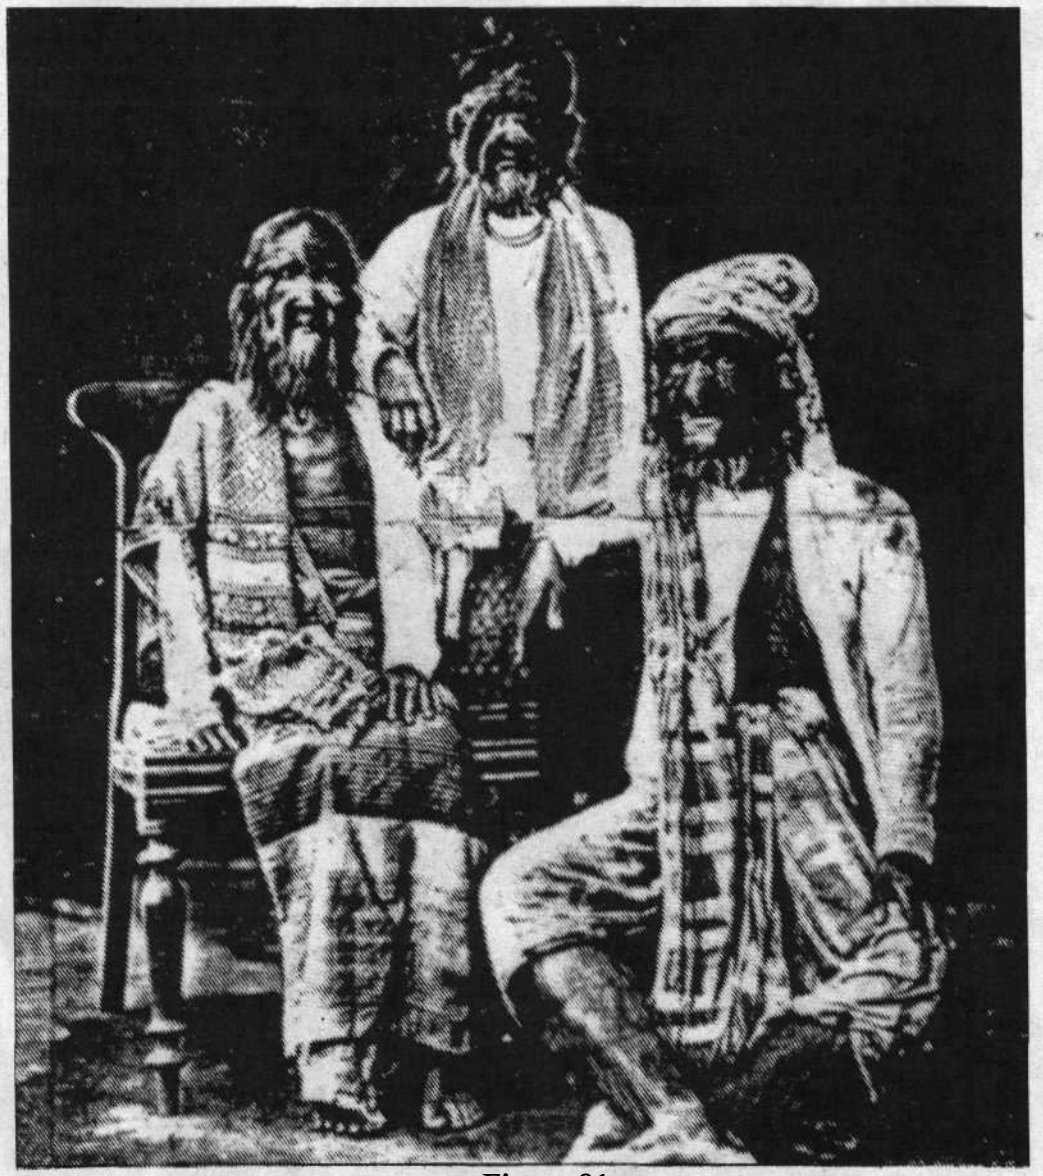

Figure 91

Many People Call Them Circus Freaks Along With The Other People Of The Circus, But These Freaks Are Not Due To A "Birth Defect", It Is Actually A Hereditary Trait. These People Are Called Dog People- Shaggies Because Of Their Resemblance To The Shaggy From The Star

Constellation Sirius. This Is An Actual Disorder Called Hirsutism. This Is Characterized By The Excessive Growth Of Hair Or The Presence Of Hair In Unusual Places On The Body.

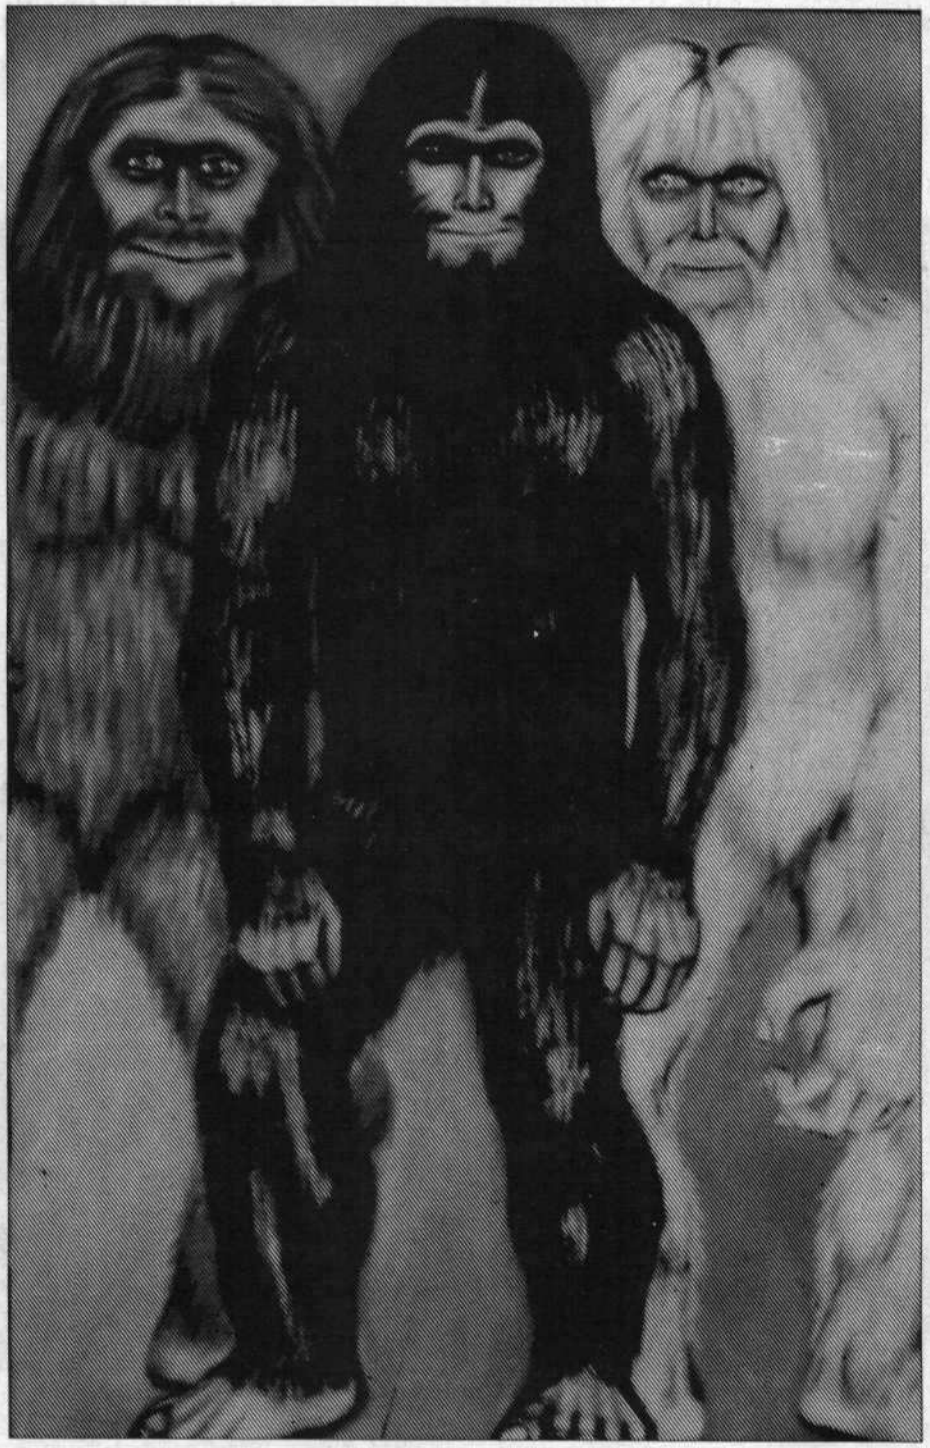

Figure 92

"The Dog Star" Or Sirus Is A Normal Blue Star 21 Times As Luminous As The Earth's Sun. It Is Somewhat Larger Than The Sun And Has A Considerably Higher Surface Temperature. The Smallest Star In This Constellation Is Called A **"White Dwarf** And Is Almost Lost In The Bright Glare Of Sirius. Sirius' Mass Is About The Size Of The Planet Earth And Is The Brightest Star In The Heavens. The Great Hunter Orion, Stands Nearby. The Three Familiar Stars That Form The Belt Of Orion Point To Sirius, Which Is An Ornament In The Collar Of The Dog. Constellation Sirius Is One Of The Stars Nearest To Earth; Yet, It Is So Distant That Its Light Takes Almost Nine Years To Reach Us. Canis Major Is A Constellation In The Southern Hemisphere.

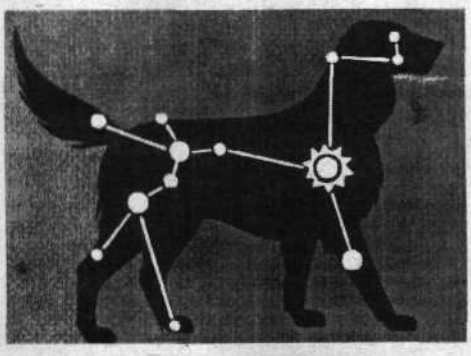

Diagram 20
Canis Major Constellation

In Greek Mythology, The Great Dog (Star) Is A Companion Of The Great Hunter "Orion." Orion (Son Of Poseidon, Who Gave Him Power To Walk Through The Seas And Not The Surface) Stands Nearby In The Skies.

In The Mormon Belief, It Is Thought That Their Gods Came From A Star Constellation Called **Kulab** (كولاب),Which Is Plural For Dog In The Ashuric/Syriac (Arabic) Language And In Aramic (Hebrew) As **Keh'leb** (כלב). This Star Is None Other Than The Sirius Star.

And The Dogons, An African Tribe, Accept The **Nummos,** Meaning ***"Instructors, Lawgivers",*** As Their Gods. The Egyptians Called Them **Neter,** And The Hopi Called Them **Kachina.** These **Nummos** Also Came From The Sirius Star Constellation. However, In The Islaamic Faith, There Is A Chapter In The Koran That Mentions Sirius, **"The Dog Star,"** Under The Name **"Ash-Shi'raa."** And Yes Muslims, It Can Be Found In The Koran, In Arabic And In Your English Translation.

Ques: How Did Beastiality Come About?

Ans: Bestiality Came About When Man First Had Sex With What The Bible ***(Jonah** 3:8)* Calls Behemoth, Which Are ***Human Beast***, Beast Of The Fields, Not Dogs, Bestiality Began Way Back During The Period Of Time When The Lepers Lived In The Caucasus Mountains. The Canaanites Began To Lose Their Power To Reproduce Because Of A Lack Of Melanin, Which Depleted The Salt In Their Bodies And It Had Reached A Dangerous Minimum. Their Lacking In The Full Amount Of **Melanin** Which Activates The **Iodines** And Can Interfere With Their Reproductivity. So The Males Came Down From The Mountains To Kidnap The Nuwaubian Women Of The Villages, In Order To Have Sexual Relations And Reproduce An Offspring That Would Not Bear The Full Curse Of Leprosy. They Wanted To Return To A Pure State; But, The Curse Of The Father "Fell" On The Son Even Up Into The Fourth Generation ***(Number 14:18).*** In Order To Assure Security, The Aryans Migrated With Their Nuwaubian Captives From The Caucasus Mountain To What Is Known Today As India, To Mix In With The Original Indians (Hindu). This Is Why Some East Indians Look Like Nuwaubians, With 6 Ether Hair And Nuwaubian Features.

The Female Lepers Who Did Not Mix Were Pushed Further Back Up Into The Mountains And Fell So Low (Due To The Shortage Of Males), As To Lay With And Have Sexual Intercourse With Beasts, Such As The Jackal, Which Is An Ancestor Of Today's Dog. The Canaanites Seed Was Kept Alive Because The Canaanites Women And The Jackal Mated. This Is Also How And Where Venereal Disease Came About!

In **1857 A.D.,** A Delivery Of A Baby By Cutting Through The Walls Of The Abdomen And Uterus Of A **"Woman"** Was Performed. It Was Born With A Disease Called **Neurofibromatosis**, An Incurable, Potentially Fatal And Little Understood Disease. With One Exception That, Like All Diseases, It Comes From The Cursed Seed Of Canaan And From His Curse Of Mixing Himself With The Animals In The Mountains. This Disease Is Common In The Western World. An Estimated 100,000 Of The Cursed Seed Of Canaan Suffer From Neurofibromosis.

neu·ro·fi·bro·ma·to·sis (nŏŏr′ō-fī′brō-mə-tō′sĭs, nyŏŏr′-) *n. Abbr.* NF A genetic disease characterized by the formation of neurofibromas, sometimes accompanied by physical deformation and a predisposition to brain tumors and various forms of cancer.

John Merrick, Who Became Known Around The World As The **"Elephant Man,"** Was The Child Born With This Disease. Some Described Him As Having The Brain Of A Man, The Fancies Of A Youth, And The Imagination Of A Child. However, The "Elephant Man" Died At The Age Of 33 (Some Say 30 Years) In 1890 A.D. The Cursed Seed Of Canaan, Regarded Him As Being Great Because Of His Tremendous Head Size And Cauliflower Looking Skin.

Now, The Following Article Appeared In **The National Enquirer,** On **January 23, 1979 A.D.** This Is The Euro-Americans Telling You People, The Same Thing That I Have Been Telling You For Years.

Now That You Have Heard It Straight From The Horse's Mouth...

IT'S A MEDICAL FACT - SOME HUMANS ARE BORN WITH TAILS

It's a Medical Fact — Some Humans Are Born With Tails

Some people are bora with tails.

"It's obviously very rare. But human individuals with taillike **appendages do exist," says Dr. Josef** Warkany.

Tiny human embryos, or **fe**tuses, normally have **tails** prior to the eighth week of development. As the unborn baby continues to **grow, most of the** tail is absorbed **into** the body. The rest of 1t **usually** disappears before birth.

In some **cases, however,** the tail remains. When a tailed child if born, the tall **is** removed in a simple operation, Dr. **War**kany explained.

"Old reports **concerning (human)** tails of some considerable length **deserve credence,"** he **said.**

They can ho straight, segmented or curled. They may be unmoving or may be wagged from side to side."

Some tails contain bone. Some don't. **Dr. Warkany** a prominent **pediatrician** and **author** of "Congenital **Malformations,"** cited the extremely rare case of a girl who was born **with** a tail that not only moved from **side to side but also became elongated** whenever the **child** cried.

I Other research on human tails was reported by Dr. **Robert W.** Parsons in an article that appeared In the medical **journal,** Plastic and **Reconstructive** Surgery.

The tailed **condition, Dr.** Parsons said, "is found in both I **sexes** and there is no **evidence** to Indicate that it **is** more common in either.

"Cases are reported among Caucasians, **Negroes,** Chinese, Dayaks In Borneo, Igorots In the Philippines **and** natives of India."

He noted that the human tail "may be either straight or curled like a pig's tail and **is usually** soft In **consistency.**

"If it **is** not immediately removed, **it** commonly **grows** In length as the child grows. It is covered with hair-bearing **skin** . . . And **muscle** is found within **the tail** with some **degree** of frequency."

Legends of tailed **humans** and even tailed tribes **have** persisted throughout history.

But Dr. Warkany **said, "the** existence of such **tailed** tribes has never been confirmed."

In **fact, Parsons found** only 22 recorded **cases** of tailed humans in medical **literature** prior to 1960.

DO YOU BELIEVE IT ?

On The Next Page, You See A Euro-American Woman Kissing And Embracing A Gorilla. By Looking At The Intimacy Of This Kiss, You Would Think That She's Kissing Her Husband. Kissing Is An Expression Of Affection, Love, Respect Or Desire, So Why Would You Give Any Of These Things To Animals? You Have Seen Pictures Throughout This

Book Depicting Euro-American Women Kissing Or Showing Unnaturally Strong Emotional Feelings Towards Dogs, Cats, Etc, This Is Very Unsanitary, Because Animals Sniff Filth And Carry Different Types Of Diseases, And Some Are Transmitted Through Saliva. Commercials, Movies, And Other Types Of Advertisements Promote These Intimate Feelings Between Humans And Animals. It Is Even Passed Down To Their Children, And They Call This Cute. This Is Why He Continues In His Abominations Daily, He Is Just Being His Natural Beast-Like Self.

The Media Has Painted Pictures Of Bestiality And Labels It A Work Of Art

Ques: Are There Laws In The United States Regarding Bestiality?

Ans: All Fifty States Except New Hampshire Regard Bestiality As A Felony. Eight States **(California, Colorado, Idaho, Missouri, Montana, Nevada, New Mexico And South Carolina,)** Call For Penalties As Severe As Life Imprisonment. New Hampshire Is Apparently Concerned With Bestiality Their So-Called **"Sexual Psychopath Law"** Makes Mention Of Bestial Acts. The Law Itself Is Intended To Promote The Hospitalization Of Rather Than The Incarceration And Punishment Of Its Transgressors. In Defining A Sexual Psychopath, The New Hampshire Law Reads:

> *"Any Person Suffering From Such Condition Of Behavior Or Lack Of Customary As To Render Such A Person Irresponsible To Sexual Matters, And Thereby Dangerous To Himself Or Other Persons."*

New Hampshire, Not Withstanding The Contemporary Legal View Of Bestiality Is Indeed A Negative One In The Various States. The Crime Itself Is "Unmentionable" And Is Usually Classified With Such Other **"Crimes Against Nature"** As Homosexuality, Which Is Restricted Under The So-Called **"General Sodomy"** Laws. This Inordinate Interest Displayed By The Law In Bestiality Is By No Means Unique In This Day Or To The Canaanites. ***(Refer To Sodom Misinterpreted, Scroll 123)***

The Earliest Written Laws Of The Canaanites Is The Law Of Nimrod, Laid Down By Hammurabi, The So-Called **Code Of Hammurabi,** Meaning ***"Black Sustainer Or Master.*** This Code Called For The Death Penalty For Persons Found Guilty Of Sexual Contact With An Animal. The Code Of Hammurabi Stated That Male Participants In This Crime May Be Chained To The Animal Involved And Then Both Burned To Death. The Female Participant, Under The Laws Of Hammurabi, Was Sentenced To One Of The Most Torturous, Prolonged And Revolting Deaths Ever Conceived Called The Boats.

The Boats Was A Horrible Death In Which The Victim Is Fastened On Her Back In A Boat Resembling A Canoe. An Identical Boat Is Placed On The Top Of Her Hands, Feet And Head Protrude Outside, While The Rest Of Her Body Is Contained Within The Two Boats. The Woman Is Then Forced To Eat Great Amounts Of Food And Wine. The Torture Goes On And On Until She Dies. If She Refuses, They Torture Her By "Pricking" Her Eyes Until She Gives In. The Woman Is Left Encased For Days, Weeks, Or However Long. Decay Begins To Set In, Worms And Other Foul Creatures Eat Their Way Through The Rotting Excrement, And Into Her Body Itself, Until She Finally Expires.

Nimrod Was The Son Of **Cush And Semiramis,** Who Was The First Son Of **Ham** And **Haliyma,** Which Means That He Was A Nuwaubian. Nimrod Turned In Opposition To The Laws And Commandments Of **THE MOST HIGH.** He Wanted To Control The Canaanites So They Would Believe And Worship Him As The Sustainer.

Ques: What Are Our Beliefs On Dogs?

Ans: In The Ancient Islaamic & Judiac Beliefs, Dogs Are Servants Of The Disagreeable Ones. Certain Jinns Transform, Like Cursed Men, Into Goats, Sheep, Bullocks, Donkeys, Cats, Horses, Jackals, Etc. Jinns Are A Race Of Spiritual Beings That Were Created Of **"Lesser Light."** Jinns Are Evil Forces Placed Upon The Earth Who Inhabit A Person In The Forms Of Envy, Greed, Vanity, Jealousy, And Other States Of Negativity. It Becomes Your Lower Self Trying To Overcome Your Higher-Self, Which Is The Agreeable Eloheem. They Whisper Into The Hearts Of People While They Are In States Of Anger, Fear, Illness, Jealousy Or Misoverstanding, Etc. So, The Devil Is Sometimes Called The **"Lower-Self."**

Ques: What Does The Lower-Self Breed?

Ans: Hatred, Slander, Lewdness, Murder, Theft And Everything That Harms. Remember Malevolent Disagreeable Beings Can Walk In The Forms Of Men And Women, Possessing A Complete Personality. Certain People Seem To Be More Open To The Disagreeable Beings Than Others. In The Presence Of Newborn Babies And Children, One Should Never Invite The Presence Of Disagreeable Or Malevolent Being.

Disagreeable Beings Readily Attack Newborn Babies, Newly Circumcised Male Babies, And Women Who Have Just Given Birth To A Child. Infants Should Not Be Left Alone Or Unattended In Total Darkness. Remember That In The Ancient Times During The Shadow Hours When It Became Dark It Was "Pitch Black", There Were No Street Lights Or Lamps. So Wicked People Would Do Their Wickedness In The Dark, That's How Darkness Became Synonymous With Evil Or The "Devil".

So You Should Not Call Yourself A Blackman, A Negro, A Nigger, Afro-American, Darkie, Or Colored. You Were Originally Olive Tone Skinned. ***(Refer To "Melanin-Ite Children", Scroll 133).***

Children Must Be Protected From The Disagreeable Beings Because Of Their Innocence To Disagreeable Suggestions ***(Refer To Edition #160, WadhiyfahThe Science Of Sound).*** Women Are More Susceptible To The Suggestions Of The Disagreeable Beings Rather Than The Male.This Is Because Women Menstruate, Something They Did Not Do When They Were The Deities, And The Disagreeable Beings Feed Off Of Blood. Male Babies Who Have Been Circumcised Should Also Be Protected Against The Disagreeable Beings Because Of The Blood On And Around The Penis. Some Species Of Malevolent Beings Are:

Jaan (جان)- Vice-Master Of The Jinn, Or Malevolent Cherubeem. They Are Beings From Aldebaran, Located In The Taurus Constellation. They Incite You With Music And Pleasure Seeking.

Jinniyya (جنية)- Female Malevolent Beings, Cherubeems- Jinns, Seductresses, Whores, Witches, And The Like. These Beings Are Also From The Aldebaran Constellation.

Shaytaan (شيطان)- This Is The Physical Race Of Malevolent Beings, Jinns; Whether They Be Of The Black, White Or Yellow Race. These Beings Are From Pleiades, The Seventh Star Constellation And Arcturus, The Third Star Constellation.

Maarid (مارد)- This Is The Most Powerful Race Of The Malevolent Beings. These Beings Are Called Greys.

Ifriyt (عفريت)- A Class Of Malevolent Beings, Jinns, That Are Giants And Very Powerful. They Are Also Called Reptilians.

The Motion Picture "Rosemary's Baby" Represents The Time Of The Birth Of The Reptilian, Luciferian (The Evil One). Were You Aware That This Picture Was Very Real And That The Mother Of The Child (Or The Spirit In The Child) Conceived With The Jackal? Then There Is Damien From The Motion Picture "The Omen", Which Is Also Reality And Depicted The Essence Of The Jackal Transformed Into The Form Of A Human Child Form. Throughout This Movie, One Constantly Sees A Black Dog Moving In And Around The Presence Of The Reptilians', Luciferians' Child. In **"Omen II,"** The Black Dog Again Was Present. It Was Still Guarding This Seemingly **"Little Boy"** Who Was Really A Jinn, Also Called Lucifer, Satan, Devil, Dragon, And The Beast. And In Nubians They're Called The Lower-Self, Or Disagreeable Eloheem.

Truth In The Media

The Media Is One Of The Strongest Tools That Is Being Used And Has Developed To Lead You, The Nuwaubians, Astray. Through Television And Movies, Commercial Advertisements, And Cartoons, He Has Gained Complete Control Of Your Mind And He Must Keep You From Seeking Your True Heritage And Your Only True Way Of Life, **Nuwau-Bu**.

Subliminal Seduction Is ***"The Leading Astray Or Seduction Of The Subconscious Mind."*** The Reptilians, Luciferians Are Actually Brainwashing You While You Sit A Victim In Front Of Your Television Or At The Movies. He Is Leading You Astray And Paving Your Way To Destruction Because His Time Is Running Out.

Some Of These Truthful Movies And Commercials, That The Reptilian, Luciferian Has Produced Are:

The Stephanie Miller Commercial, That Depicts A Dog Sniffing A Women's Private Part In Public, And The Women, Because She Is In The Company Of A Man, Is Embarrassed But Is Obviously Enjoying It. The Subliminal Message Is Promoting Bestiality.

In The Movie **The Island Of Dr. Moreau,** An H.G. Wells' Classic Novel, Is A Bizarre Horror Tale Of Chromosome Experiments That Went Wrong. It's A Yacub Story Or Yukadan Hopi Indian Story All About Grafting Humans And Animals. On An Isolated Island Dr. Moreau Creates An Entirely New Breed Of Living Creatures, Strange Half-Animal, Half Humans. This Movie Depicts To You The Euro-Americans History While He Dwelt In The Caucasus Mountains.

The Tribes Canaan (Sidonites, Hittites, Jebusites, Amorites, Girgasites, Sinites, Arvadites, Zemarites, Hamathites, Etc.) Are The Companions Of The Cave Spoken About In The Bible And The Koran. Libana Was Born An Albino; He Was Cast Out From Amongst His Family And Fled To The Caucasus Mountains Because His Body Was Sensitive To The Daylight. He Sought The Darkness Of The Caves As Protection Against His Condition.

While In The Mountains, The Sons Of Canaan Regressed To A State Of Savagery That Was Unimaginable. He (Canaan) Mixed With Human Beast, Horite, Anakite, And Halaabeans, They Ate Raw And Rotten Flesh And They Had Sex With Animals. This Is The Nature Of These People, As A Result Of Bestiality Many Animalistic Characteristics Have Been Imbedded Into The Euro-Americans Genes.

The So-Called Abominable Snowman Is Nothing More Than The Euro-Americans Missing Link. They Even Make Movies Like **"Star Wars"** And Show You *Chubaka*, And *"Harry And The Hendersons"*. The Reptilians, Luciferians Is Experimenting With Genes And Chromosomes And Have Even Come So Far As To Produce A "Test Tube Baby!!!" He Has No Fear Of **THE MOST HIGH,** He Has Advertised The Fact That He Has Produced A **"Dat."** An Animal Born From The Crossbreeding Of A Cat And A Dog. Imagine All Of The Freaks And Abnormal Creatures He Has Produced While Playing Around In His

Laboratories With These Experiments. He Has Stepped "Out Of Bounds" And Out Of The Realms Of The Laws Of THE MOST HIGH In The Name Of "Science!"

This Movie Is Just A Reflection Of The Past And The Present, And If The Reptilians, Luciferians Can Get You They Will! He Has Convinced People To Volunteering For These Sick Experiments Such As Test Tube Babies, Sperm Banks, Gene Splicing; Etc.

Lion King

This Disney Cartoon, Is About A Lion Ruling The Jungle. The King Who Bears A Son Who Will Inherit The Kingdom, And An Evil Uncle Who Wants To Be King. He Devises A Plan With The Treacherous Hyenas, The Low Life Of The Jungle. All Throughout The Movie The Hyena's Are Complaining About Not Having Enough Food. Hyena's Are Scavengers And Will Eat Every And Anything If You Let Them. The Evil, Jealous Brother Of The King Takes Over The Kingdom With The Help Of The Hyenas (Which Are A Part Of The Dog Family), And Outcast The Son. The Animals Of The Kingdom Bow To This Evil Ruler Only Because The Son Is Thought To Be Dead. The Kingdom Goes To Ruins Under The Rule Of This Evil Brother.

This Movie Depicts The Hyenas In Their True Nature, As Evil, Conniving, Greedy, Stupid, And Deceitful. All These Are Also Characteristics Of The Amorite. Remember, The Dog Through The Jackal, Is A Part Of The Canaanites Ancestry, And Humans Do Inherit Their Parents Ways.

Skull Duggery

Skull Duggery Is Another Movie That Deals With The Euro-Americans, "Missing Link." An Anthropologist Searching For Ancient Artifacts In A Dense Uninhabited Jungle. When He Finds His "Missing Link," An Aboriginal Tribe Of Half-Man, Half-Ape Like Creatures. They Have Never Been Seen By "Modern Man." The Anthropologist Wins These Creatures Trust And Becomes Involved With Them. His Companions See Them As Objects To Be Exploited And Abused "In The Name Of Science," But He.Feels Sorry For Them And Tries To Protect Them.

The Euro-American Portrays These Creatures As Helpless, Passive, And Abused By Man's Advanced Technology. This Is All Done To Make You Feel Sorry For These Creatures And Miss The Whole Point In The Movie. The Anthropologist Falls In Love With One Of These Creatures And Takes It For A Mate!!! This Is A Reflection Of His Desire To Mate With Animals (Bestiality). He Is Showing You This Right Up Under Your Nose And You

Still Don't See It. By The End Of The Movie You See The Anthropologist And His "Wife And Child" As Innocent Victims And You Are On Their Side.

Watchers

The Watchers Is A Movie About A Three-Part Scientific Experiment Gone Haywire. It Results In A Hideous Beast-Like Mutation That Stalks A Dog, Who Is Also A Part Of The Experiment, And Terrorizes The Town, Leaving A Trail Of Bizarre Deaths. The Dog Finds His Way To A Little Boy And His Mother. The Family Is Amazed At The Intelligence Of The Dog And Takes Him Into Their Home. The Highlight Of The Movie Is When Two Government Scientists Go In Pursuit Of The Family And The Dog In An Effort To Complete The Experiment. The Euro-American Scientist Viciously Kills His Partner And Reveals His True Nature, As That Of The Reptilians, Luciferians, Who Also Turns Out To Be The Third Part Of The Experiment.

The Omega Man

As A Result Of An Atomic Holocaust, Most Of The People On The Earth Were Destroyed. Those Who Remained Were Dying Of A Contagious Disease (Leprosy) That Prevented Them From Coming Into The Sunlight. One Man Who Was Left Had The Serum Which Would Cure Them Of Their Disease, But They Sought To Destroy Him. The Omega Man, Represents A Savior. The Word Omega Means ***"Literally The End, The Last Of Any Series,"***

Saying, That Which You, The News Bearer John See Write it In A Scroll, The 22 Books Of Revelation And Send It To The Seven Congregations Which Are In Asia, It's For Eph'esus And Smir'na And Per'ga'mos And Thy'atira And Sadis And Phil'adel'phia And Laod'ice'a.

Right Translation In Greek By:

Nayya: Malachizodok York-El

Mistranslation For King James 1611 A.D.

"I WAS IN THE SPIRIT ON THE LORD'S DAY, AND HEARD BEHIND ME A GREAT VOICE, AS OF A TRUMPET. SAYING, I AM THE ALPHA AND OMEGA, THE FIRST AND THE LAST: AND, WHAT THOU SEEST, WRITE IN A BOOK, AND SEND IT UNTO THE SEVEN CHURCHES WHICH ARE IN ASIA; UNTO EPHEUSS, AND UNTO SMYRNA, AND UNTO PERGAMOS, AND UNTO THYATIRA, AND UNTO SARDIS, AND UNTO PHILADELPHIA, AND UNTO LAODICEA."

Another Thing To Note In This Movie Is That **The Omega Man** Was In Love With A Nuwaubian Woman. This Is Relevant To The Fact That The Sons Of Canaan Came Out Of The Caucasus Mountains Seeking The Nuwaubian Woman To Cleanse His Seed Of Leprosy. His Body Lacked The Salt That Is Needed To Procreate And Keep His Seed Alive And He Had A Lack Of Melanin (Melanin Recessive) Which Would Have Absorbed The Harmful Rays Of The Sun. (Ultra Violet Rays).

Pornography Plays A Very Important Part In The Euro-Americans Propagation Of White Supremacy. These Movies Do Nothing But Portray Man And Women As Sexually Superior Objects To Be Worshipped And Desired. Very Rarely Do You Find Nuwaubians In These Movies With Leading Roles. Do Not Misunderstand, I Am Not Advocating The Use Of Nubians In These Movies Nor Do We Condemn Pornography, We Are Just Trying To Make You Overstand The Reptilians, Luciferians Way Of Seducing You. If You Are Constantly Exposed To These Movies You Are Being Subliminally Seduced Into Desiring The Euro-American. This, Of Course, Is A Sin And Fornication In The Eyes Of **THE MOST HIGH.** But Do Keep In Mind No One Wins The Race In Racism!!!

Leviticus 18:22-23

Beauty And The Beast

This Movie **"Beauty And The Beast"** Is Based On The Youngest And So-Called Most Beautiful Daughter Of A Wealthy Merchant. Beauty Is Loyal, Persevering, And, Unlike Her Proud Sisters, Willing To Sacrifice Herself For Her Father After He Loses His Money. When The Father Stumbles Into A Beast's Lair, The Beast Demands Beauty In Exchange For Not Killing Him And Then Falls In Love With Beauty. When She Finally Consents To Marrying Him, He Is Revealed To Be A Prince.

These Movies Purposely Propagate Perversion And Bestiality (Sexual Intercourse With Animals). Haylal Has Duped You Into Being Part Of His "Sexual Revolution". The Moral Structure Of This Society Has Dissolved Into, **"Anything Goes,"** And "Do Your Own Thing", And He Has You Involved In Group Marriages, Homosexual Marriages, Orgies, Etc. All Of This Is To Lead You Away From The Middle Path Of The Righteous. ***(Refer To "The Spell Of Leviathan 666, The Spell Of Kingu" Scroll #15}***

Ques: Is There Any Reference To The Dog In The Scriptures In Regard To The Children Of Israel?

Ans: Yes, In ***Exodus 11:7 And*** I Quote,

Exodus 11:7

Modern Hebrew Script

Ques: Is This Where The Inspiration For Stories And Movies About "Dog Pits" Are Derived?

Ans: Exactly! And You Should Beware Of Your Own Home Becoming A "Dog Pit" For Dogs, Especially Those Of The Shepherd Breed. And If They Are Not Properly Fed, You Or Your Children Will Become Their Diet.

Ques: Are Dogs Particular About What They Eat?

Ans: No, Like Their Ancestor The Jackal, Their Carnivorous Habits Make Them Useful As Scavengers.

"THOU SHALT NOT BRING THE HIRE OF A WHORE, OR THE PRICE OF A DOG, INTO THE HOUSE OF THE LORD THY GOD FOR ANY VOW: FOR EVEN BOTH THESE ABOMINATION UNTO THE LORD THY GOD "

During The Time Of The Israelites, Packs Of Dogs Ran Wild Through The Streets Of All Near And Middle Eastern Cities, Including Those Of Palestine. They Would Run Through The Streets At Night Howling, Hungry, And Snarling After Having Slept All Day. They Were Considered Cowardly, Filthy Creatures Even During Moses' Time. The Israelites Did Not Consider Dogs Completely Useless, For There Is Some Scriptural Evidence That They Were Used To Guard The Flock.

Job 30:1

Modern Hebrew Script

Ques: Why Can The Dog Hear The "Silent Dog" Whistles That We Can't Hear?

Ans: This Is In Reference To The Previously Mentioned Statement That Dogs Are Possessed By The Disagreeable Beings. It Is The Jinn Within The Dog, Which Responds To The High, Shrill Whistle. If You Have Noticed, When A Dog Is Trained, He Responds To Whistles.

Articles Used As Protection Against The Disagreeable Beings Are As Follows:

Salt	Rose Oil	Iron (Metal)	Silver (Metal)	Charcoal
Garlic	Rose Incense	Tar	Myrrh Oil And Incense	Incense

Because The Disagreeable Beings Is Fond Of The Darkness, Light Can Also Serve As A Means Of Warding Off These Beings. Remember Dracula Becomes A Wolf, He Also Is Called The Son Of The Devil.

Ques: Are There Any Good "Jinns" Or Disagreeable Type Beings?

Ans: Yes, The ***Koran 72:11*** Shows The Existence Of Good And Evil Jinns,

Ques: Wasn't The Dog A Symbol Of Idol Worship?

Ans: The Dog Was An Object Of Worship To The Egyptians, Khemetites, The Dog Was A Symbol Of Fidelity.

The Constellation Canis Major Is A Group Of Stars Southeast Of Orion That Contains Sirius, The Brightest Of The Stars, Also Called The ***"Dog Star."*** Sirius Never Failed To Herald The Approval Of The Over-Flowing Of The Nile. In Lower Egypt, The Prosperity Of The People, And Even Their Lives, Depended On The Annual Flooding Of The Nile To Keep Their Lands Fertile.

The Coming Of The Great Flood Was Foretold By The Appearance Of The Star Sirius. When The Star Appeared, The People Moved Their Stock To Higher Ground, So They Would Not Lose Them. Ques: Who Or What Was Anubis?

Ans: Anubis Was The Egyptian Deity Or Neter Of The Dead. He Was Represented By A Jackal Or The Dog-Head. Of The Jackal Anubis. He Was A Guide And Aid To The Dead. He Took Care Of The Embalming, Thus Laying The Ground Work Of Resurrection From The Mummy State. The Egyptians Also Know Of The Dog's Ability To Sense Death, And For This, The Dog Was Deified. Archaeologists Have Found Statues Of Dogs, As Well As Other Animals, In The Unearthed Tombs Of The Egyptian Pharaohs, And Priests.

Mistranslation For King James **1611** A.D.

"AND HAZAEL SAID, BUT WHAT, IS THY SERVANT A DOG, THAT HE SHOULD DO THIS GREAT THINGS? AND ELISHA ANSWERED, THE LORD HATH SHEWED ME THAT THOU SHALT BE KING OVER SYRIA."

This Is The Reason Why It Is Such A Great Insult To Be Called A "Dog." When Someone Calls Another Person A Dog, He Knows Exactly What He Is Doing.

The Saluki Dog's Existence Goes Back To The Time Of Cain And Abel. When Cain Slew His Brother Abel ***(Genesis 4:8 And Holy Tablets Chapter 9, QabiylAnd Habiyl)***. He Buried Him In The Ground, The Saluki Dog Witnessed This, And It Later Showed Kadmon (Zakar) Where Abel Was Buried By Digging Up The Area Where His Body Was Buried.

Ques: What Is A Saluki?

Ans: Saluki Means *"A **Seeker,"*** For He Sought Out Abel's Grave For Zakar. A Saluki Is A Breed Of Dog Made Sacred By The Pale Arabs. The Saluki Breed Is Said By Some To Be The Oldest Pure Bred Dog In The World. Its Origin Extends Back Beyond History, His-Story Which Makes It A Mystery (My Story) To Them, Meaning ***"Before The He Learned To Write History/His-ToryOf What Happened In The Past."*** It Has Been A Pedigree Breed From The Immemorial In The Deserts In Arabia, Syria, The Sahara, Egypt, And Beyond Persia.

Dogs Of This Type Were Depicted On Tombs Of Ancient Egypt, Such As That Of **Rehkma 1400 B.C.,** The Arabs, With Their Great Love For Perfection In Animals, Bred The **Saluki** With The Same Card That Produced The Arab Horse And Camels. Their Term **Saluki** Means ***"A Dog, Or Hound,"*** Which Is Valued And Respected, The Beduoin, Who Also Have A Great Love Of These Dogs, Used The Saluki In Combination With Hawks To Hunt Gazelles. The Saluki's Were Imported Into Europe From Its Original Home In Arabia.

True Greyhounds, At Least As Opposed To Hounds Of The Saluki Type Have Been Present In England From The Ninth Century. The Early Greyhounds Depicted On Egyptian Tombs Are Plainly And Very Closely Related To The Saluki, They Are Used For Smaller Game Since They Are Too Small To Tackle The Larger Gazelles.

Ques: What Is A Pariah?

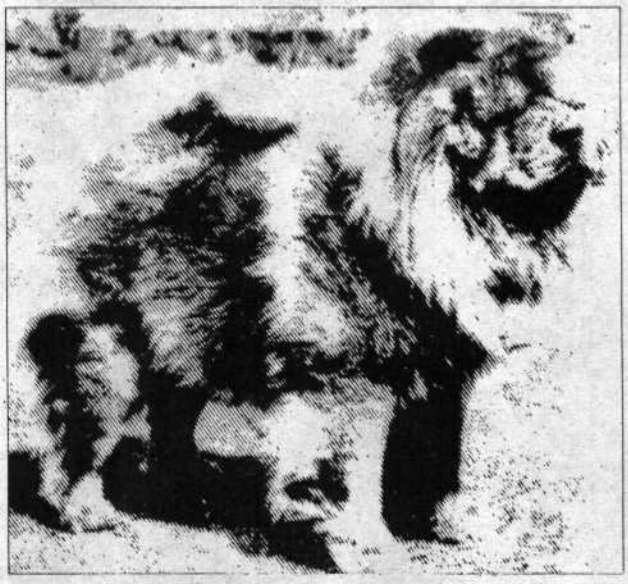

Figure 119
Chow Dog

Ans: A Pariah Is A Type Of Dog That Became So Numerous That It Was Considered A Nuisance. After World War I, The New Regime Enforced The Sanitation Practices Of The Turks; Kill The Pariah. These Dogs Were Herded Into Pits And Left To Starve And Taken To The Island Of Dixia, Where They Reverted To The Wild Mannerisms Of Their Ancestors.

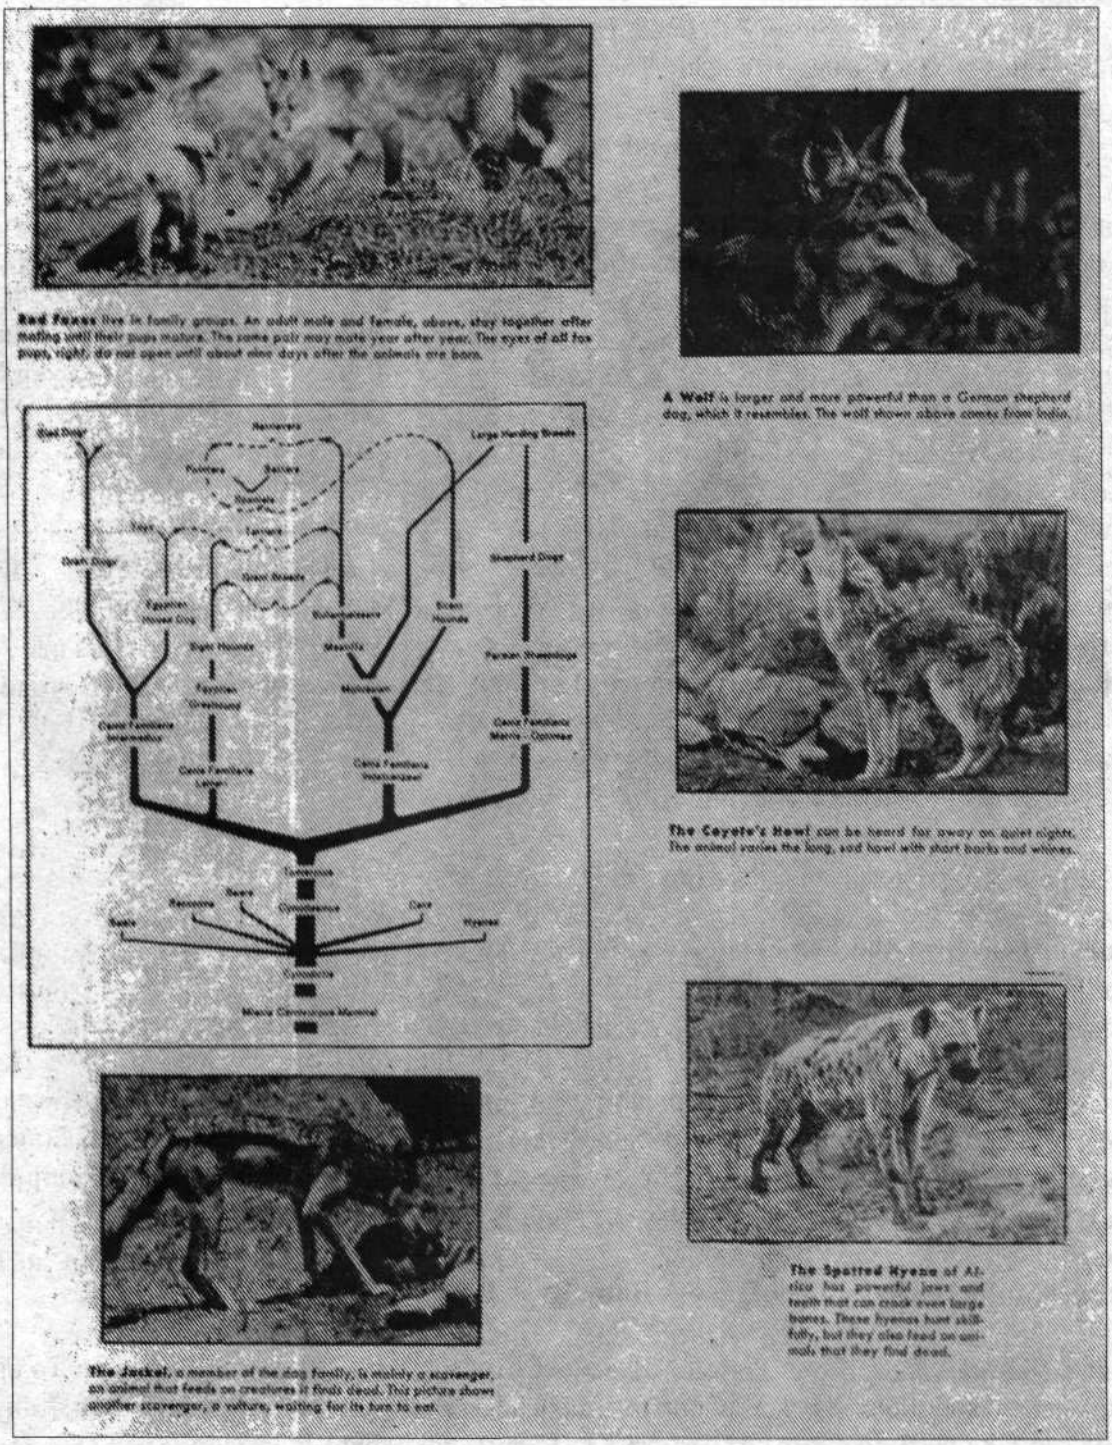
Ques: Are Dogs Used For Food Today?

Ans: Until Recently, Dog Flesh Was Sold In Butcher's Shop In Spite Of A Law Prohibiting This In **1915 A.D.** In General, The Eating Of Dogs Seems To Have Been Incidental, With The Sole Exceptions Of The Chow In China, The Chow Was Especially Bred And Fattened For Eating, And None Of The Other Dogs Present In That Country Found Its Way Into The Butcher's Shop. It Is Said That Dogs Intended For Butchering Are Fed Only Vegetable Foods, And That Their Meat Is Succulent And Tasty.

Ques: Can A Human Being Have A Baby By A Dog?

Ans: No! However, Long Periods Of Sexual Contact With Dogs And Exposure To The Fluid That Mixes During This Contact Can Cause Diseased And Deformed Offsprings. However, Choice Breeding And Cloning Of Dogs With Humans Is Possible.

INFORMATION ON THE DOG



Red Foxes live in family groups. An adult male and female, above, stay together after mating until their pups mature. The same pair may mate year after year. The eyes of all fox pups, right, do not open until about nine days after the animals are born.
A Wolf is larger and more powerful than a German shepherd dog, which it resembles. The wolf shown above comes from India.
The Coyote's Howl can be heard far away on quiet nights. The animal varies the long, sad howl with short barks and whines.
The Spotted Hyena of Africa has powerful jaws and teeth that can crack even large bones. These hyenas hunt skillfully, but they also feed on animals that they find dead.
The Jackal, a member of the dog family, is mainly a scavenger, an animal that feeds on creatures it finds dead. This picture shows another scavenger, a vulture, waiting for its turn to eat.

Figure 120

Developmental Periods Of Dogs: The Early Development Of The Dog Is Divided Into Several Distinct Periods:

(1) Neonatal
(2) Transition
(3) Socialization
(4) Juvenile

In The Neonatal (Newborn) Period, The Puppy's Activity Is Largely Confined To Nursing And Sleeping, The Newborn Puppy Is Blind And Deaf And Is Isolated From The External World. In About 14 Days Its Eyes Will Open, Marking The Beginning Of The **Transition Period.** During The Third Week The Puppy Undergoes Rapid Changes In Behavior And In Sensory And Motor Abilities. Towards The End Of The Week When Its Ears Open The Puppy Begins To React To Sound. At The Same Time, It's First Teeth Appear; And It Will Walk Instead Of Crawl And Show Social Responses To Humans And Other Dogs. This Marks The **Period Of Socialization,** Which Begins Approximately Three Weeks After Birth. Another Social Response Is Playful Fighting With Litter Mates. At Anytime During This Period, Which Lasts Up To 12 Weeks Of Age, It Is Easy To Form A Close Social Relationship Between A Puppy And It's Owner. Puppies Raised In Large Fields, Apart From Human Beings Will Become Almost "Completely Wild" By 14 Weeks Of Age. This Period Is Therefore Critical For Determining The Nature Of Social Relationships And Adjustment To The Environment. Puppies Left In A Kennel Environment Much Beyond 12 Weeks Of Age Are Likely To Be Permanently Shy And Timid When Brought Into The Outside World. Following The Period Of Socialization, **The Juvenile Period** Lasts Up To Social Maturity, Usually Sometime After Six Months Of Age.

Intelligence Of Dogs: Judging How Intelligent A Dog Is Either In Comparison To Other Dogs Or Other Animals Is Different. Obviously, A Dog Will Be Unable To Perform As A Monkey, Or Any Other Problems Involving Complex Manipulation (Human Emotions). Intelligence Is Measured Just By That Which A Dog Can Be Trained. When Dogs Are Sufficiently Motivated, No Wide Difference In Intelligence Appears Between Breeds.

There Are Some Differences, However, In Which Breeds And Individual Dogs Will Accept Complex Training. Certain Breeds, Such As Shepherd Dogs And Poodles, Have A High Capacity For Developing Motivation And Attention Toward Their Handlers, And A Similar High Capacity For Accepting Inhibitory Training. Most Of The Wonder Dogs That Are Famous For Their Intelligence Belong To These Groups. A Highly Trained Dog Is Capable Of Acting Out Many Different Commands.

At The Same Time, There Are Definite Limitations On Canine Intelligence. Like Other Mammals (Excluding Man), Dogs Cannot Be Taught To Talk, And Only With Great Difficulty Can They Be Taught To Bark On Command. There Is No Evidence That Dogs Are Able To Recognize The Meaning Of Words When They Are Used In New Combinations (i.e. To Understand New Sentences). Thus The Amount Of Information That Can Actually Be Conveyed To A Dog Is Quite Limited. A Trained Dog Is Capable Of Such

Attentiveness To His Owner's Slightest Movements And Mannerism That He Almost Seems To Read The Owner's Mind. Most Emotional Reactions Of A Dog Are Readily Understandable. Growls And Snarls Are Threats, And Barking Is Usually An Alarm Signal. Rapid Horizontal Tail Wagging Is Sometimes Said To Indicate A Friendly Approach (Remember, This Animal Is Carnivorous), And The Dog May Also Wear What Appears To Be A Smile, But This Can Change Instantaneously Into Growls. High-Pitched Yelping Occurs In Situations Involving Pain Or Terror. The Rapid Yelps And Whines Of Puppies Indicate Distress, Which May Have Many Causes. Solitary Howling Usually Indicates Loneliness Or Maybe A Reply To Another Howling Dog.

Behavior: A Dog's Behavior Can Be Understood Only In Reference To The Life Of Their Wild Ancestors, The Wolf. Dogs Recognize A Central Headquarters Or Den, And The Immediate Area Surrounding It Is Defined As A Territory From Which Other Dogs Are Excluded. At Various Points Beyond This Central Terriority, Dogs Will Establish A "Scent Post" (Where They Stop To Defecate). Males Lift The Legs To Urinate And Scratch The Ground After Defecation. One Typical Scene Is Strange; Dogs Passing By Will Mark The Place In The Same Manner By Putting Their Face (Nose) In The Defecation Before Him. These Wolf-Like Habits Are Seen In Both So-Called Domesticated And Stray (Loose) Dogs, Running Around In The Streets. The Tendency To Defend The Immediate Area Around The Houses Of Their Owners Is An Example Of A Dog Resorting To These Wolf-Like Characteristics.

Combative Behavior Of Dogs: Two Strange Dogs Usually Approach Each Other Stiffly With Tails Held Erect And Appear To Identify Each Other By Sniffing In The Tail Region. When Battle Occurs They Rush At Each Other Snapping And Snarling, The Fight Will Go On Until One Runs Away Or Submits. A Beaten Animal Will Roll On Its Back, Extending Its Paws, Yelping And Protecting Its Throat By Snapping. The Winning Animal Stands Over The Other Growling And Threatening. If Dominance Has Already Been Established, One Dog May Indicate This By Placing His Paws On The Other's Back And Growling.

Coordination And Musculature Of The Dog: The Dog Is No Rival, For The Cats Fluid Movements And Balance. It Has Retained Some Of The Wolf-Like Aspects, Such As Deliberate Tracking, Cautiousness, And Cunningness. It Moves After The Manner Of A Horse When Walking, But Prefers To Trot The Right Foreleg And The Left Hindleg Advance Together, Followed By The Other Legs. At Top Speed It Breaks Into A Gallop. The Dog Is Not As Agile And Foot Sure As The Cat, Nor Is It's Body As Flexible In Body Construction, But Its Speed And Perseverance Are Greater Than The Cat's. The Wolf-Like Musculature Is Still Found, Though Greatly Modified In Mass And Development In Different Breeds. The Sheet-Like Musculature Covering The Head And Main Body Mass Is Particularly Noticeable By Its Action In Raising The Hockles (Or Back Hair), Baring Teeth, And Tail Wrapped, Held High In Contentment And Waved Slowly And In A Horizontal Position, When In An Attentive Approach Or Before An Attack. The Tail Aids In Balance, As When The Dog Dashes Around A Curve.

Smell: The Two Senses Most Supremely Developed In The Dog Are Hearing And Pre-Eminently Smell. The Dog's World Is Primarily One Of Scents, As A Man's Is One Of Sight. The Dog's Nasal Passages Are Arranged So That A Greater Volume Of Air Can Be Drawn Over The Sensitive Lining, As With The Case Of Man. Rapid Sniffs Carry Messages To The Enlarged Olfactory Center, In The Brain, Where The Scents Are Analyzed And Catalogued, Practiced Scents Seem To Be Of The Greatest Interest. The Smells That Identify Other Animals Are: Blood, Sweat, Excrement, Urine, And Smells Associated With Sex Organs. Grassy Smells, Soil And Ripe Putrefactive (Foul) Odors Are Likewise Attractive.

Hearing: An Acute Sense In Dogs. Frequencies Up To 35,000 Vibrations Per Second Can Be Detected, Compared With 25,000 In The Cat And 20,000 In Mankind.

Vision: Sight Is Relatively Poorly Developed In The Dog. Moving Forms Are Readily Discerned, But A Still Object With No Particular Odor May Go Unnoticed. The Dog Is Color-Blind. Even Guide Dogs Which Respond To Traffic Signals Do So By The Position Of The Lighted Signals Rather Than By The Color.

Courtship And Care Of Young Dogs: In Courtship, Dogs Show A Characteristic Pattern Of Play. They Crouch Extending Their Forepaws And Cocking Their Forelegs Around Each Other's Neck, And Wrestle. This Is Followed By Running And Chasing, And Eventually Mating. This Play Can Sometimes Be Very Violent Play. Like Wolves, Dogs Show The Peculiarity Of The Sexual Tie After Copulation (The Act Of Intercourse), The Two Animals Bodies Remain Locked Together For Many Minutes.

When A Dog Has Puppies, They're Fed By Nursing. After Three Weeks Or So, They Begin To Take Solid Food, With Final Weaning Occurring At About Seven Weeks Of Age. Wolves Feed Their Young By Vomiting. Domestic Dogs Show This Pattern More Rarely, But Do Vomit Readily And Like Wolves, Frequently Eat The Vomitus.

DISEASES DOGS TRANSMIT

Ailments: Dogs Often Times Carry Parasites Such As Worms. There Are Many Intestinal Worms That Attack These Lowly Creatures.

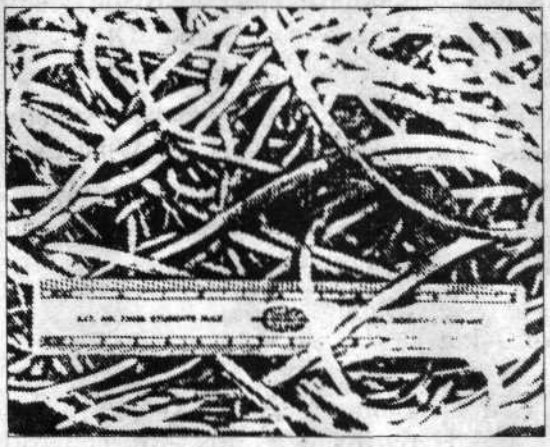

Figure 121
Parasites

The Most Serious Of Parasites Is A Variety Of (Ascariasis) A **Round Worm.** This Worm Causes A High Percentage Of Fatalities In Young Puppies And Dogs. Most Puppies Acquire Consideration Resistance To Them After Three Months Of Age, However, The Majority Of Dogs Have Infections. Females About To Be Bred Have To Be Wormed And Should Be Kept Clean. However, In Average Households This Is Not Done, Thus More Germs And Diseases Are Bred. Dogs Can Also Be Wormed As Late As Seven Weeks In Their Pregnancy.

If This Is Not Done, The Puppies Will Be Infected From The Mother Even Before Being Born. Other Parasitic Round Worms That Attack Dogs Include: **Heart Worms, Hook Worms, And Whip Worms,Trichinella Spiralis.**

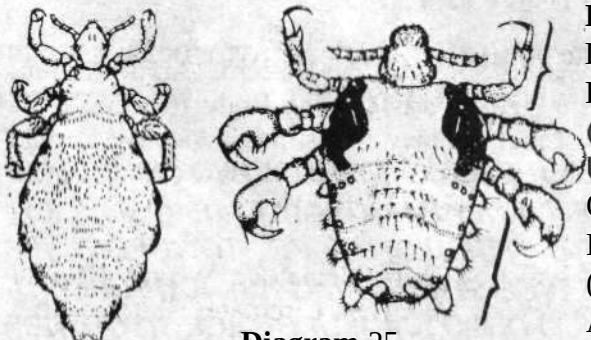

Diagram 25
Lice

Lice: Spend Their Entire Life Cycle On The Dog And Are Transmitted To New Hosts By Direct Contact Such As Through Petting (Touching) Your Dog. Successful Treatment Usually Requires Two Or More Applications Of Some Oily Substance That Smothers The Lice Or An Insecticide. The Developing **Lice** (Or Nuts) Are Highly Resistant, But Adult Lice Are Controlled Readily Even With Soap And Water.

Fleas: They Present A Different Problem Since They Leave The Dog During Part Of Their Life Cycle In Order To Breed. Those On The Animal Are Easily Eliminated For Control. Larval Fleas Live On Filth. Other Common Areas Include Yards And Barnyards, After Structures Have Been Torn Down. They Also Live In Places Where Animals Deposit Feces.

Diagram 26

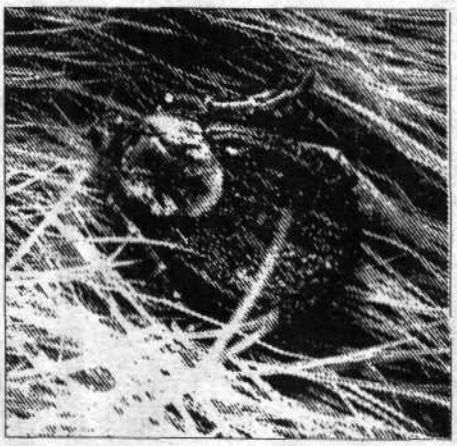

Diagram 27
Ticks

Ticks: They Breed In Grassy Or Bushy Areas And Attach Themselves To A Dog Or A Human As They Brush Against Vegetation. Ticks Are Responsible For A New Disease That's On The Rise Called **Lyme Disease.** Individual Ticks Are Easily Removed By Applying Kerosene Or Some Other Oily Substance To The Tick's Body, Thus Suffocating Them And Causing Them To Release Their Hold. This Is What Some People Choose To Live With. Are You One Of Those People? If So, You Will See Just What You Are Living With One Day!

Ques: Can Dogs Transmit Diseases To Human Beings?

Ans: There Are Several Diseases That Dogs Can Transmit To Human Beings. These Canine Beasts Can Give Humans **Distemper** And **Hepatitis.** Worms Are The Most Common Malady That Many Can Get From The Dog. This Is Done By Kissing The Dog Or By Eating In Vessels That Were Previously Used By A Dog. In The Islaamic Culture When A Dog Drinks From The Vessel, It Must Be Washed Seven Times; The First Washing Is Done In Earth.

Ques: What Are Some Of The Diseases That Dogs Carry?

Ans: There Are Several Dangerous Parasitic Worms Such As The Visceral Larval Migran, Migrating Larvae Intestine, Infection Of Viscera (Inner Parts Of The Body Especially Of The Thorax And Abdomen As The Ear, Lungs, Liver, Kidney, Intestines, Etc.), By Larvae Of Animal Round Worm Such As **Toxocara Canis.** These Migrate And Cause Enlargement Of The Liver, Clogs Blood Vessels, And Lodges In The Brain.

Toxocara Canis: This Disease Is Due To Infection With Nematode Worms (Round Worms). In Man, The Eggs Penetrate The Bowel Wall And Then Circulate. Larvae May Be Carried To Any Part Of The Body Where The Blood Vessels Are Large Enough To

Accommodate Them. They May End Up In The Brain, Retinal Vessels, Liver, Lungs Or Heart.

Cutaneous (Skin) Larval Migrans: This Disease Appears As An Irritating Skin Rash, And Manifests As Something Called **"Creeping Eruption."** This Is Due To The Fact That The Worm Makes A Path That Can Be Traced As It Crawls Under The Skin. A Bacteria Called **"Leptospira"** Is Shed In The Urine Of Infected Animals Which Are Usually Dogs And Domestic Livestock. The Parasite Enters The Body Through Breaks In The Skin, Or Through The Mucous Membranes, The Eyes, Nose Or Mouth. The Disease Itself Is Called Leptosirasis And Affects The Kidneys.

Distemper (Canine): Is An Acute, Highly Contagious Disease Of Dogs Caused By A Virus. Wolves, Foxes, Minks, Raccoons, And Ferrets Are Also Susceptible. The Disease Is Worldwide In Distribution, Occurring Wherever Dogs Exist. Dogs Older Than Six Months Are Often Presumed To Have Developed An Immunity. The Organism Is Spread By Feeding And Drinking And Attaches Itself To The Boots Of Animal Attendants. Also, Droplets Containing The Virus May Be Distributed Through The Air On Certain Particles And Still Be Infectious.

Infectious Canis Hepatitis: This Disease Primarily Attacks The Liver. The Early Symptoms Of High Fever Resembles That Of Distemper. However, The Disease, Which Is Often Fatal, Runs A Much Shorter Course. It Is Transmitted By Contact Through Urine; Hence, Is Less Infectious Than Distemper. All In All, Many Dogs Are Carriers And Spread The Disease Long After They Have Recovered.

Echinococcus Granulosus: This Is A Tape Worm Normally Transmitted From Dogs To Sheep Through Feces, And Which Can Accidentally Be Transmitted To Humans, Particularly Children. The Parasite Grows As A Cyst, And May Enter The Brain, Or Other Vital Organs And Cause Severe Symptoms. It Is Found Only Where Dogs Have Access To The Bodies Or Entrails Of Sheep And Cattle. Other Less Harmful Varieties Of Tapeworms Occur Commonly In Dogs And Can Be Treated.

How Cute? Well, Let's See How Cute It Is When Your Family Contracts A Deadly Disease From Your Adorable Little Puppy. This Is Not Cute At All. As A Matter Of Fact, It Is Very Unsanitary. Think!! Just Think!!! The Same Dogs That Sniff Manure And Other Filthy Things When You Walk Him In The Streets Is The Same Dog That Turns Around And Licks You In The Face, And This Is Said To Be Cute!!!

Mange: This Is Caused By Two Varieties Of Mites That Live In The Hair Follicles. An Afflicted Dog Loses His Hair, And The Infected Area Is Itchy And Inflamed. The Mites Are Difficult To Kill, And Successful Treatment Must Be Continued Over Many Weeks. An Inexperienced Person May Confuse Mange With Wet Eczema, A More Common And

Less Serious Ailment. In **Eczema,** The Skin Is Itchy, And This Is Caused By Irritation From Dust And Heat.

Ques: What Is Rabies?

Ans: When A Mad Dog Bites Another Animal Or A Human Being, The Disease Is Transmitted By Saliva, Which Contains A Poisonous Virus. The Disease Attacks From Fourteen Days On. There Are Wide Variations In The Periods Of Incubation. In Fact, There Are Variations From Ten Days To Twelve Months. However, In The Vast Majority Of Cases, The Onset Follows The Bite Anywhere From Twenty To Ninety Days. It Is Rarely Less Than Fifteen Days, Or More Than Five Months.

During This Period Of Incubation, The Person May Show Only Signs Of Restlessness And Apprehension, Sometimes Of Irritation, Or Tingling And Pain At The Site Of The Bite. However, When The Disease Begins, The Symptoms Which Give It Its Name Reaches Their Peak. A Slight Huskiness Of The Voice, And A Sense Of Choking Are Followed By Any Attempt To Swallow, But The Affected Person Will Refuse To Take Water. Eventually The Convulsions And Spasms May Affect Almost The Whole Body, And The Nervous System Which Is So Sensitive That The Slamming Of A Door Or A Sudden Draft Of Wind Will Bring On An Attack. Finally, The Spine May Stiffen And Bend And Death Results From Paralysis Of The Apparatus Of Breathing.

Because The Infected Person Or Animal Is Unable To Swallow, Thick Saliva Accumulates, And The Breath Comes In Harsh Gasps. The Person Who's Infected, Does Not Necessarily Foam At The Mouth Or Bark Like A Dog But, The Nature Of The Symptoms Is Such As To Give People This Impression. All Dogs Carry This Disease, And Even The Ones Kept In A "Good Home", Carefully Watched, Or The Ones That Run Free May Suddenly Bite A Human Being Under Provocation.

Due To The Terrible Possibilities Of Rabies, There Is Only One Course To Follow After A Dog Bite. The Animal Should Be Penned Up, Or Kept Secured For At Least Ten Days, During Which Time It Will Either Die Or Develop The Symptoms Of Hydrophobia, If It Has This Disease Regularly Of **Hydrophobia,** The Dog Is Shot In The Head, Or The Head Is Crushed With A Club. This Should Not Be Done Because It Is Difficult For A Laboratory To Examine The Brain Of The Dog, When It Is Too Severely Injured.

Ques: You Mentioned Earlier That Venereal Disease Came About Through Beastiality With Dogs. What Type Of Venereal Disease?

Ans: Veterinarians Call It **"Canine Transmissible Venereal Tumor".** Tumors Are Usually Found On, Or Near The Genitals. Occasionally, They Occur On The Face, Shoulders, And Other Regions. It Is A Veneral Disease, With Most Evidence Suggesting That The Transmission Is By Cell Transplantation. Spontaneous Regression Of The Tumor

May Occur. Transmission Readily Occurs Through Coitus (Sexual Intercourse), And Dogs Of All Ages Are Susceptible. The Tumors Are First Noted As Small **Hyperemic Nodules** (Hyper-Over Above; Emic - Blood; Nodules - A Small Aggregation Of Cells). These Gradually Increase In Size. There Is Usually A Broad Base Of Attachment With The Surface Being **Lobulated** (Subdivided) Or **Ulcerated** (Wounded).

During Rapid Growth, The Tumor Has A Bright Red Color. Later When Ulceration Occurs, A **Serosanguineos Discharge** (Latin: Serum, Whey + Sanguineus, Bloody) Containing Or Possessing The Nature Of Serum And Blood. In The Male, The Tumor Are Located Most Frequently On The Penis Of Prepuce, And Less Often On The Scrotum **(The Spermatic Chord)** Or Perineum (The External Region Between The Scrotum And Anus). The Vulva, And Vagina Are The Usual Sites Of The Tumor In The Female.

Veneral Diseases Were Transmitted To The Canaanites In The Caucasus Mountains When They Fornicated With Jackals And Wild Dogs. These Diseases Were Passed Down Through The Generations Up Until Today.

Figure 122
Syphillis

Two Types Of Venereal Diseases

Syphillis- Is A Very Serious Disease That Can Effect Any Organ Of The Body. It Is Caused By A Type Of Corkscrew Shaped Bacterium Called A **Spirochete**. This Organism Multiplies Rapidly In Human Tissues. However, It Can Survive For Only A Short Period Outside The Body. Thus, It Is Just About Impossible To Contract Syphillis By Drinking From Water Fountains, Toilets, Or Any Other Way Aside From Sexual Contact.

Gonorrhea- Is A Disease That Attacks The Reproductive As Well As The Urinary System. It Is The Most Common Type Of Venereal Disease And More Than Two Million Cases Per Year Occur In The United States Alone. Gonnorrhea Is Caused By A Bacterium And Is Transmitted Almost Exclusively Through Sexual Contact In Stages. The Early Symptoms Begin From Two To Ten Days After Infection Sets In.

Figure 123
Gonorrhea

Symptoms

1.) Red, Swollen, Sore Vulva

2.) A Yellow Discharge Containing Pus.

3.) Difficulties In Urinating And A Frequency In Urination

4.) Rectal Discharge May Also Be Present

5.) Severe Burning Sensation During Urination

6.) As In Syphillis, The Initial Symptoms Of Gonorrhea Will Disappear Without Treatment, But The Infection Continues.

An Encyclopedia States:

"The Dog Has Been In The Company Of Mankind For At Least 10,000 Years And Probably Originated Somewhere In Eurasia (Europe And Asia) 12,000 To 14,000 Years Ago, Millions Of Years Ago Lived A Tree-Climbing Carnivorous Mammal Called Miacis, From Which The Lineage Of The Canines Is Traced Through Cynodictis, Deriving From The African Cape Hunting Dog, The Indian Wild Dog (Or Dhole), And The South American Bush Dog Ultimately Sprang, Through Tomarctus, The Progenitor Of The Fox, Wolf, Jackal, And Dog."

As You Can See, The Family Of The Dog And Their Relatives Belongs Also To The Order Carnivera (The Flesh Eaters). Now You Can See For Yourself Why The Domestic Dog, As He Is Called Today, Js Attacking And Killing Innocent Victims. The Animal Can't Help Being What He Is-- A Flesh-Eating, Blood-Thirsty Beast That Became Tamed. You'll Never Know When He Will Turn On You, And It Will Not Stop There. The Rate Of Reverting Back To The Mannerisms Of His Ancestors (Resulting In Dog Killings, Etc.) Will Get Even Higher. The Dog Is The Oldest Domesticated Animal That Has Ever Accompanied Mankind.

As For The Amount Of Years Recorded For The Dog Being With Mankind, It's Not True! The Caucasian Has Only Been On Earth For 5,998 Years. *(Refer To Sons Of Canaan, Scroll #145.)* This Again, Is How The Caucasian Accounts For His Existence. All Such Covering Up And Altering Goes Unnoticed By You, The Nuwaubians. Can You Now See For Yourself How He Functions And Deceives? Those Of You Who Do Not Know Them For What They Are, That Realize They Cannot And Will Not Ever Function With The Truth.

Ques: What Kind Of Dogs Did The Sons Of Canaan Lie With?

Ans: They Were Members Of The Original Dog Family, Along With The Tibetan Dog, The Hyena, The Wolf, Etc. The Original Dog Family Became Carnivorous After The Flood. These Dogs Were Similar To The Lepers In That They Preyed Off Small Animals. The Lepers Were To The Point Of Being Able To Mix With These Dogs Because They Had Fallen So Low As To Eat Raw Flesh As The Dogs Did, And Walk On Fours As They Did.

DOG BITES

Dog Bites Now Major Health Threat in U.S.

By *NORM* **ALSTER**

Dog bites have become a major health threat in the U.S., experts agree.

"They're the number two public health danger in the country, after venereal disease," said Keith Weeks, manager of Public Health Investigation for Los Angeles County.

The bites, 3 million a year according to one expert, are growing in severity as Americans turn to bigger dogs — and children are often the victims.

"There is a trend toward larger dogs like the German shepherd, and they're causing more serious injuries among children." noted Weeks, who estimates there are a total of 150,000 dog bites in his area every year.

Lloyd Ross, director of the Baltimore, Md., Bureau of Animal Control, said bites from large dogs are a serious problem.

"Larger dogs are doing lots of damage, and about 70 percent of all victims are children aged 1 to 16."

"There are at least 3 million dog bites a year in the United Slates," declared Dr. Alan M. Beck of the New York City Dept. of Health, who added, "They are increasing in numbers and growing more serious. A conservative estimate of the number in New York City alone, is 100.000 annually.

"Children are the most frequent victims — 2 percent of all children aged 5 through 9 are bitten each year: Larger dogs are biting higher on the body and causing more damage. More than one third of all child victims are bitten on the face."

Despite the decline in rabies, dog bites can still have serious consequences like scarring, infection and trauma, Dr. Beck said. He suggested that one way to combat the problem is to "declare war" on irresponsible dog owners.

Dr. William Bilderback of the Texas Dept. of Health said there arc 50,000 dog bite cases in Texas every year,

The experts give these tips on how to avoid dog bites:

• Don't leave an infant with a dog, even a pet you know well. More than 75 percent of fatal attacks on infants come from an animal owned by the family or a neighbor.

• Never let children play with a dog that's eating, sleeping or tired.

• If you encounter a strange dog in the street, don't run. Back away slowly, and if necessary yell: "Go home!"

• Never try to outrace a dog on your bike. (jet off and stand still.

MAYORAL MASCOT IS LOST AND FOUND

E very dog has his day, and today, Archie , a 3-foot-tall mutt that looks like - Labrador retriever will step before the City Hall press corps for a noon news c onference.

Archie, the official mascot of Gracie Mansion ii scheduled to give >n official accounting (or hi. three-day absence. But barring a breakthrough in communications with the news hounds, Archie's press conference is expected to leave more questions unanswered than answered

Was it love?

Was it a frustrated dognapping? Or , »» Mayor Koch feared, was it the chicken liver?

"He eats everything, he likes chicken liver," the Mayor said yesterday after calling reporters into his office to announce a $50 reward for Archie's return.

Archie, named after Archibald Gracie, the original owner of the mansion, was missing.

Hiswner, the cook Mitchel Landon, had not seen him. Tom Kelly, an assistant press secretary, had been the last person to see Ankle. Nothing about the 11 year-old dog's behavior struck him H odd when he saw him Saturday morning.

"I said 'Good morning,' " M. Kelly told reporters yesterday. "He looked at me and that was it."

Ten noun after the City Hall press corps was mobilized for - dog hum, a parking attendant looked closely at a dog he had taken home u Ridgewood, Queens. It was Archil.

At 10:50 P.M. the look made - positive identification.

Theories on Disappearance

During the day, theories ricocheted around the Mayor's office:

Archie was looking roe love. "It's possible," the Mayor said. "This dog "M the Jimmy Walker type." Mayor James J. W alkenwas known for a roving eye.

H. did KM feel at home. "Dogs - re not exactly » rational M people," Mr. Koch allowed. "I'd never run away front Gracie Mansion."

He ran off lo protest living conditions. "Why didn't he just picket?" the Mayor asked.

He was taken by the Mayor's enemies "I don't think politics In New York City has stooped so low U lo dognap, Mr. Koch said.

Archie has slipped away briefly before, but no one knows to where.

"We've never had McGinley interview him," the Mayor said. Patriek W. McGinley is the city's Commissioner of Investigation.

Last night, the Mayor, returning from a Metsgame, kid this word for the city: "Archie b a lucky dog, and those of us who love him at Gracie Mansion are taekln still."

STRAY ANIMAL LAW PROTESTED

HOI SI ON, Sept. 8 (UPI) — A proposed city ordinance to fine people $ 100 for feeding stray cats and dogs is bringing complaints from animal lovers. "People do it all over the city," said Kappy Muenzer, president of Citizens for Animal Protection. "They're humanitarians, not little old ladies in tennis shoes." CUT officials say the ordinance is intended to reduce the population of hundreds of thousands of stray animals.

'ANIMAL BASENESS' IS *THE* CAUSE: KOCH

By DAVID **SEIFMAN**

Vigilante behavior stems from the same "animal baseness or savagery that gave rise to the Holocaust, Mayor Koch said yesterday.

"There's something base In everyone," Koch said.

"We're still part of the animal kingdom, and we probably retain in our genes some of that animal baseness or savagery, formerly under certain circumstances."

That savagery, *tot* said, "gives vent to itself ,1) situations like the Holocaust — that's an animal, bestial act.

"In a similar way people will have animal, bestial thoughts about meting out revenge of a physical nature. And everybody, regrettably, has the possibility b: giving in to it."

But Koch insisted, "Civilization has to put in the restrictions to prevent it. One of them is that we will not tolerate vigilantism."

He added that some of the callers who phoned police to praise the vigilante "undoubtedly saw their fantasy lived out."

52 devil babies born with tails

Chinese are killing infants at birth

DEVIL BABIES born with tails are being hacked to death in order to prevent the spread of Satanism and witchcraft.

At least 52 of the macabre births have been reported in East China's Zhejiang province. For reasons not known, an increasing roimber of mothers there are giving birth to babies with tails up to lour inches long!

Fiction

Fifty two have been identified, but it is certain that others exist in hiding

Doctors at first treated the strange reports as fiction, hut an internationally-known medical expert says, There seems to be no doubt that these babies do, indeed, exist

"Why it s happening is another question."

Tribal leaders in the province won't talk about the phenomenon but a growing number of rcpoiu arc surfacing that some Chinese parents — particularly those with religious backgrounds — are refusing to let their infants live if they are born with a tail.

"This is the work of Satan," says an old woman in the province She muttered to herself and refused to talk with any journalists

Chemical pollution or atomic radiation may be the real reason, some doctors say.

One report from the Xinhua news agency says that a six-pound, four ounce baby with 3 one-inch tail was born to a 24-year-old woman who works as an attendant on a passenger boat

A doctor dlays. "The tail is very smooth and flesh-colored It measures about a half-inch tn diameter"

Future

Physicians who gave the infant an examination blamed it on a genetic throwback when * child is born with characteristics not apparent in either parent.

Scientists called in have announced that, with such genetic changes taking place in • whole population group, it may be expected that other tabic* will be born with tails in the future

Although the doctors say the (ad can he removed surgically, many Chinese living in the province are not convinced

One village leader, who refused to be identified, says, "Any child born with a tail should he put lo death immediately to save his family and fellow villagers from the wrath of the gods

Removed

"We do not condone devils or witchcraft here."

Last spring, the state-run *China News Service reported* that « peasant woman in Hunan province gave birth to a girl with a nearly two-inch tail. The tail grew an additional half inch in 24 days before it was removed.

Another baby girl with a tail was horn in Shenyang in 1959, according to the news agency.

Authorities are trying to crack down and control the huh) deaths, but they don't know where to start

Crime

A police officer says, "The parents aren't even reporting some of these births. They just hack the baby to bits and bury it, and we hear about it only' weeks later when we can do nothing

"We need a body before we can charge anyone with a crime"

Across a span of wet grass, a ferocious-lookingjet-black German shepherd named Satan springs into • full run. Six shots are fired into the air by the fleeing man just ahead, but the d MS in one movement lunges for his arm and holds him until help arrives.

The scene yesterday at Rikert Island wasn't a ml escape. It was a simulation by the Philadelphia Detention Center to show the effectiveness of trained dog! in capturing escaping prisoners

To boost security in t hejail with the highest escape rate in the city, Rikers officials plan to use 80 to 100 German shepherds to patrol the grounds.

"I believe these dogs will be the simplest and cheapest way to increase security in a budget-depleted city" said Correction Commissioner Benjamin Malcolm

Malcolm said he'll he asking for $200,000 for barbed wire fencing to surround the four-facility complex. Sentry dogs, trained to gnarl and attack, will be confined to the fenced-in area, while other dogs will patrol the outside recreation areas.

Malcolm said the project would be ready by spring, adding that maintenance for the dogs, which will be donated by local kennels, will cost $1.50 a day.

In the 11 years dogs have been used at Philadelphia's detention center, which officials call nearly identical to Rikers, there have been only one attempted escape. It wasn't successful.

Not everyone attending the morning exhibit by Philadelphia K-9 unit, though, was enthusiastic about the use of dogs at Rikers.

But Peter Tufo, chairman of the Board of Correction, called the plan "an admission of failure".

2 axed in mixup over dog's death

By DEBORAHORIN

The ASPCA yesterday fired two low-level employees after investigating the destruction of a Labrador retriever for whom an adoptive home with two dog-loving kids were waiting.

The investigation followed publication of a Post articleftboui the purebred stray, which two City Hall cops and an assistant city corporation counsel befriended and tried desperately to save.

"It's ft human error and an animal has perished and it makes me sick", said ASPCA spokesman Caroline Thompson.

"I'm very, very, very sorry. We have made an error and we're trying to do something about it It isn't the philosophy of the ASPCA to kill dogs wantonly, without trying lo do the best we can for adoption"

Mils Thompson laid the two busted employees were a clerk and a kennel worker who should have located the dog through its pick up number and made lure it was held for adoption. Both were "fairly new employees." sheMid.

Asst City Corporation Counsel Marilyn Shapiro, an animal lover who fell for the sad-eyed dog, had told (he Post that it took "innumerable" calls from her and the two cops before ASPCA workers agreed to give her the Labrador on Monday if us owner failed to appear.

But when Mrs. Shapiro called on Monday, having lined up an adoptive home, shewas (old the animal already had been destroyed.

"I think their procedures need lo be overhauled in some way." Mrs. Shapiro said yesterday.

"I was caught in such a labyrinth of bureaucratic nonsense. Surely you could me that energy more constructively. It seems so unnecessary that this had to happen."

L.I. BOY, SCALPED BY DOG OK AFTER SURGERY

By ALICE MURRAY

An 11-year-old Long Island boy was recovering yesterday from an intricate, eight-hour operation to restore part of his scalp, which had been bitten off by a berserk St. Bernard dog.

The operation was possible because three members of * Long Island Lighting Co. crew first fought off the dog after hearing the boy's cries, then preserved a large portion of the torn scalp.

Yesterday, in Montefiore Hospital in the Bronx, Anthony Cottone of 17th St., Wading River, was growing new. hair following the operation, and he was restless to go home.

"When dn I get out of here?" the boy asked doctors.

"Can't stand there".

The incident happened Tuesday afternoon as Anthony was playing In a neighbor's yard. The St. Bernard, tied to a rope, leaped on him when he ambled too close. The dog bit off one third to one half of the boy's scalp.

"Help me, help me." Anthony screamed.

Nearby, the Lilco crew was putting in new wiring.

"You see it, you just can't stand there," said James Novotny of Mount Sinai, L.I., one of the work crew. "You do it. It all comes down to instinct. The boy was screaming. The dog's teeth were in his shoulder. His scalp was off. laying on the ground.

"U was just what you read in James Fenimore Cooper."

Novotny said fellow worker Albert Holden of Shoreham, TCT. raced oven grabbed the boy and held him still so he) wouldn't go into shock.

"I got the dog behind the fence." Novotny continued. "He was tied with a rope. Afterward, he was docile. We told the woman to get ice. and we put it in a plastic bag with a scalp like you read about in the piper for amputations.

An ambulance took Anthony to St. Charles Hospital in Port Jefferson. There, he was given initial treatment. and then he was flown to Montefiore for the operation.

At the Bronx hospital, Dr. Avron Daoilier attached an artery and two veins, using veins from the forearm to bridge the damaged ends of the vessels in the scalp. If the scalp had not been prestrved, a long series of operations would have been necessary, and no hair would have grown, the doctor said.

In good spirits

"Now the hair it growing, his spirits are good, and everybody la happy." Daniller said. "He's handling it extremely well, and the parents are very grateful. They an very religious. His mother was firmly convinced, with a religious conviction, that I could do it — I had to prove her right."

CATS

Ques: What About Cats?

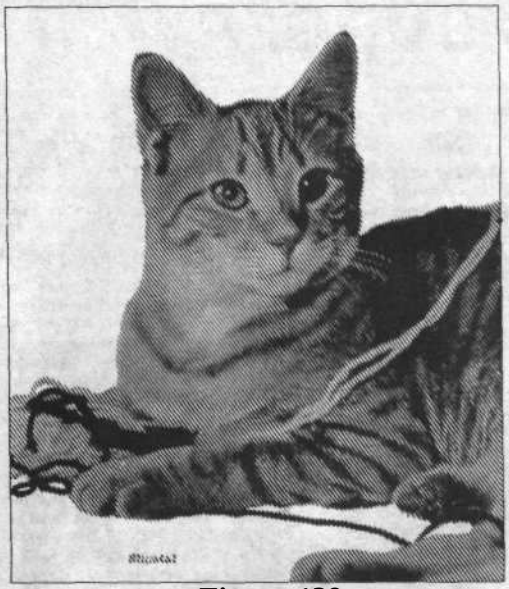

Figure 129
Cats

Ans: Cats Are One Of The Smartest Of The Tamed Animals. Cats Are Lawful Pets For Muslims. They Have Become Very Useful In This Day And Time With The Plague Of Rodents In The World. However, It Takes Longer To Train A Cat Than It Does A Dog Due To The Fact That The Cat Does What It Wants To Do. Cats Can See Better In The Dark Or In Dim Light Than Some People Can See In Normal Lighting. Their Eyes Seem To Shine In The Dark. Cats Also Have A Keen Sense Of Smell.

When Frightened, A Cat Will Arch Its Back, And It Will Purr When Happy. Cats Will Eat Many Different Foods Such As Beef, Chopped Liver, Heart And Kidney. Cats Get Many Diseases Similar To Dogs, Some Of Which Are:

Distemper: Feline Infectious Gastroenteritis. (This Is The Most Serious Cat Disease).

Colds: Common Among Cats. A Cat With A Cold Sneezes Frequently.

Hairballs: May Form In A Cat's Stomach From The Hair That The Cat Swallows Each Time It Cleans Itself.

Earmites: Are Insects That Look Like Grayish Spots. If Your Cat Shakes Its Head Or Scratches Its Ears Often, Look For These Gray Spots. If You Were To Find Such Spots, The Cat Should Be Taken To The Veterinarian.

Worms: Are Recognized In Cats By Making The Cat Appear Dull; In Look And Action. It Will Shed Fur Quite Often. These Worms May Pass Out Of The Cats 'Body Through Solid Waste Material.

Ringworm: This Is A Fungus Disease Of The Skin. It Is Often Passed On To Other Animals And Humans, And Can Be Recognized By Spots Of The Cat's Fur Being Missing From Its Body.

Fleas: Can Get Into A Cats Fur And Cause Discomfort And Suffering To The Cat. These Fleas Are Found In The Head, Ears, Neck, Rump, And Tail Of The

Cat. Some Cats' Fleas Trouble Humans And Other Animals. Special Flea Powder For Cats Is Usually Effective; However, Flea Bites Sometimes Cause Serious Skin Infections, And Should Be Checked By A Veterinarian.

Something About The Body Of The Cat:

Cats' Weight Varies Sometimes According To Sex. A Male Weighs From 9 To 17 Pounds (4.1 To 7.7 Kilograms). A Female Cat Weighs 6 To 10 Pounds (2.7 To 4.5 Kilograms). Kittens Weigh About 3 1/2 Ounces (99 Grams) At Birth, Gaining Almost 1 Pound (0.5 Kilograms) A Month During Their First Six Months. Cats Shed Baby Fur At The Age Of 6 Months. Adult Cats Shed Their Fur Three Times A Year.

Most Cats Have From 25 To 30 Long Whiskers That Grow In Four Rows From The Side Of The Mouth Up Above The Eyes. These Whiskers Are Attached To Nerve Endings In The Skin, And Act As Delicate Sense Organs. They Help Cats Feel Their Way Through Bushes.

Kittens Have Needle-Like Teeth Called **"Milk Teeth".** Most Kittens Lose Their Teeth At The Age Of 6 Months, When The Permanent Teeth Grow In. The Pain Of The Growth Is Severe, And It Sometimes Causes Convulsions For The Cat. Adult Cats Have 30 Teeth. The Front Teeth Are Called **Incisors** (Cutting Teeth), And Are The Smallest. The Larger Teeth Are Called **"Premolars And Molars",** And Are Located In The Back Of The Mouth; These Teeth Are Used For Chewing Food. Remember, The Cat Is A Carnivorous Creature; However It Is Clean. Cats Use Their Long, Sharp Canine Teeth To Seize And Tear The Flesh Of Their Prey. Most Cats Lose Their Teeth When They Grow Old, But Some Have All Their Teeth At The Age Of 20 Years, Which Is Very Old For A Cat. Cats Have Two Sets Of Vocal Cords, One Above The Other. Each Cord Produces Different Sounds. The Color Of The Cat's Eyes Can Be Hazel, Brown, Green, Or Orange. Wild Members Of The Cat Family Have Green, Gray Or Yellow Eyes. The Iris, (Colored Area Around The Pupil)

Is Different Colors In Different Breeds Of Cats. Some Have A Different Color **Iris** In Each Eye. Cats Cannot See In Complete Darkness, Contrary To What Many People Believe.
Cats Have Five Toes On Their Front Feet And Four Toes On Their Hind Feet. On Each Toe There Is A Sheath. Cats Shed Their Claws At Various Times Throughout The Year. They May Dig Their Claws Into Trees And Furniture To Remove The Ragged Edges That Appear On The Claws. Cats Often Stun And Capture Rats Of Other Prey With A Blow From Their Paws. They Then Kill Their Prey By Biting It. A Cat Has Tender Feet Compared To Those Of Many Other Animals, Including Dogs. Cats That Walk Long Distances Often Suffer Sore Paws.

Male Cats Reach Full Growth Between 9 And 12 Months, And Females Cat Become Adults At 5 To 8 Months. Most Cats Live About 14 Years. However, Some Reach The Age Of 18 Or 19 And Some Have Even Lived Past The Age Of 30. They Escape Unharmed From Many Dangerous Situations Because Of Their Finesse Agility, And Perfect Sense Of Balance.

Ques: Are Werewolves Dogs?

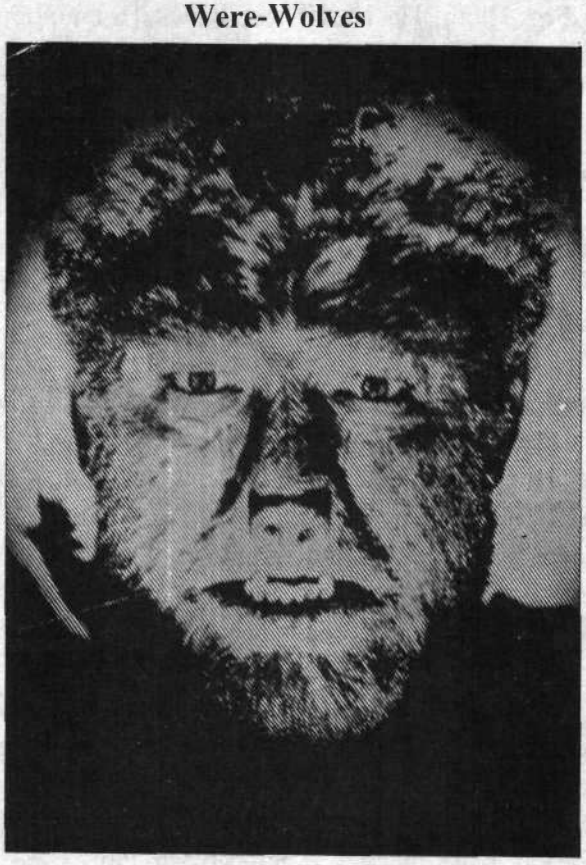

Figure 131
Werewolf

Ans: According To The Book *"Human Animals"* By Frank Hamel States:

"In Poitou, The Peasants Have A Curious Expression, `Courir La Galipote', Which Means To Turn Into A Werewolf Or Other Human-Animal By Night And Chase Prey Through The Woods'. The Galipote Is The Familiar Or Imp Which The Sorcerer Has The Power To Send Forth."

In The Dark Ages, Sorcerers Who Were Capable Of This Accomplishment Were Dealt With According To The Law, And Hundreds Were Sent To Trial For Practicing "Black Arts." Condemned In The Most Notorious Historical Case Was Pierre Bourgot, Who Served The Reptilians, Luciferians For Two Years And Was Tried By The Inquisitor, General Boin.

Johannus Wierius Gives (In Full) The Confession Of Bourgot, Otherwise Called "Great Peter," And Of Michael Verding. The Prisoners Who Were Accused Of Wicked Practices In December 1521 A.D. Believed They Had Been Transformed Into Wolves.

About Nineteen Years Before Pierre's Arrest At Pouligny, A Dreadful Storm Occured Which Scattered The Flock Of Sheep, Of Which He Was A Shepherd, And While He Went Far Afield To Search For Them, He Met Three Black Horsemen, One Of Whom Said To Him, "Where Are You Going My Friend? You Appear To Be Troubled."

Pierre Told Him That He Was Seeking His Sheep, And The Horsemen Made Him Take Courage, Saying That If He Would Only Have Faith, His Master Would Protect The Straying Sheep, And See That No Harm Came To Them.

Pierre Thanked Him And Promised To Meet Him Again In The Same Place A Few Days Later. Soon Afterward, He Found The Stray Sheep.

One Of The Black Horsemen, At Their Second Meeting, Told Pierre That He Served The Reptilians, Luciferians, And Pierre Agreed To Do Likewise If He Promised Him Protection For His Flock. Then The Reptilian, Luciferian Servant Made Him Renounce God, The Virgin Mary, And All The Saints Of Paradise, His Baptism And The Tenents Of Christianity. Pierre Swore That He Would Do So, And Kissed The Horseman's Left Hand Which Was As Black As Ink And Felt Stone Cold. The Horseman Forbade Him Thenceforth To Repeat The Apostles' Creed.

For Two Years Pierre Remained In The Service Of The Disagreeable One, And During That Time He Never Entered A Church Until Mass Was Over, Or At Least Until After The Holy Water Had Been Sprinkled.

Meanwhile, His Flock Was Kept In Perfect Safety And This Sense Of Security Made Him So Indifferent About The Reptilians, Luciferians That He Began To Go To Church Again And Say The Creed. This Went On For Eight To Nine Years. Then He Was Told By One

Michael Vender That He Must Once Again Render Obedience To The Disagreeable One, His Master. In Return For His Homage, Pierre Was Told That He Would Receive A Sum Of Money.

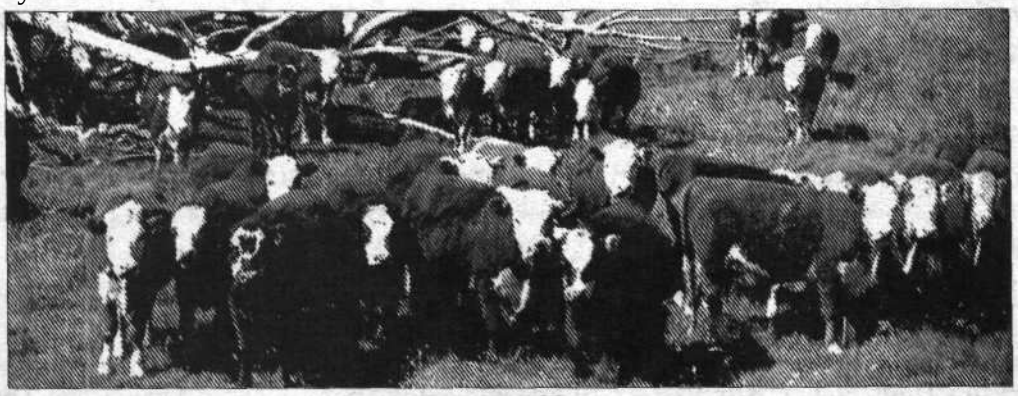

Figure 132
Flock

Michael Led Him One Evening To A Clearing In The Woods At Castle Charlon, Where Many Strangers Were Dancing. Each Performer Held In His Hand A Green Torch Which Emitted A Blue Flame. Michael Told Pierre To Bestir Himself And That Then He Would Receive Payment, So Pierre Threw Off His Clothes And Michael Smeared His Body With An Ointment Which He Carried. Pierre Believed That He Had Four Paws And A Thick Pelt. He Found Himself Able To Run The Speed Of The Wind, Then Michael Made Use Of The Salve And Had Become Equally Agile. After An Hour Or Two, They Resumed Human Shape, The Respective Master Giving Another Salve For This Purpose. After This Experience, Pierre Complained That He Felt Utterly Weary, And His Master Told Him That Was Of No Consequence And That He Would Be Speedily Restored To His Usual State Of Health.

Pierre Was Often Transformed Into A Were-Wolf After This Attempt, And On One Occasion, He Fell Upon A Boy Of Seven With The Intention Of Killing And Eating Him, But The Child Screamed So Loudly That He Beat A Hasty Retreat To The Spot Where His Clothes Lay In A Heap, Rubbed Himself Hurriedly With The Ointment And Resumed Human Form To Escape Capture. Another Time Michael And Pierre Killed An Old Woman Who Was Gathering Peas. One Day While In The Shape Of Wolves, They Devoured The A Whole Little Girl Except For One Arm. Michael Said Her Flesh Tasted Excellent, Although It Apparently Gave Pierre Indigestion. They Confessed Also To Strangling A Young Woman, Whose Blood They Drank.

Among Other Disgusting Crimes, Pierre Murdered A Girl Of Eight In A Garden By Cracking Her Neck Between His Jaws. He Also Killed A Goat Near The Farm Of One Master Pierre Lerugen, First By Setting On It With His Teeth And Then By Gashing Its Throat With A Knife. The Latter Operation Leads To The Faith That He Had Resumed His Ordinary Shape At The Time.

A Peculiar Point Worth Noticing About The Case Of Michael And Pierre Was That The Former Was Able To Transform Himself At Any Moment With His Clothes On, While The Latter Had To Strip And Rub In Ointment To Achieve The Same Result, At The Time Of His Confession, Pierre Declared That He Could Not Recollect Where The Wolf's Fur Went To When He Became Human Again.

He Also Exposed That An Ash-Colored Powder Was Given To Him, Which He Rubbed Upon His Arms And Left Hand And Thus Caused The Death Of Every Animal He Touched. Hence There Would Seem To Be Some Discrepancy, For He Declared That In Many Instances He Strangled, Bit, Or Wounded His Victims!

COMMON SAYINGS ABOUT DOGS

"Barking Dogs Never Bite" - Describes People Who Sound More Dangerous Than They Really Are.

"Barking Up The Wrong Tree" - Means To Look For Something In The Wrong Place.

"Dog In A Manger " Describes A Person Who Keeps Others From Using Something That He Himself Cannot Use. It Comes From Aesop's Fable Of A Dog That Crawled Into A Manger Of Hay, And Prevented A Horse From Eating, Even Though Dogs Do Not Eat Hay.

"Every Dog Has His Day" Is An Expression Used When Something Unpleasant Happens To A Person Especially One Who Has Had Good Luck.

"Let Sleeping Dogs Lie" Means To Leave A Situation Undisturbed.

"Dog Eat Dog World" Means Every Man For Himself.

"Lay Down With Dogs Get Up With Fleas."

CONCLUSION

Ques: So Are Dogs Forbidden To Man?

Ans: Yes, If You Have Them In Your House Running Around, Sleeping In Your Bed, Bathing In Your Tubs, Eating From Your Plates, Etc.

However, In Case Of A Person Who Has A Farm Or Cattle You Can To Have A Dog. They Should Always To Be Kept Clean And Free Of Odors. When Purchasing A Dog, Always Get A Pedigree. They Are Bred For Health And Intelligence Purposes. They Should Not Be Trained To Be Weapons By Feeding Them Hot Sauce Or Depriving Them Of Meals.

I Wrote This Book So That I Could Show You The History Of Dogs; From Wolves, Jackals Dingos, Etc., Through The Various Stages Of Domestication, To The Present Time. It Is A

Strange Story, But It Is Obvious That In The Early Days Of Domestication, The Dog Was Just Another Tool Used By Mankind In Desperate Circumstances.

In Some Cases People Use Pets To Substitute For Children, Husbands, And Wives In Western Society. Dogs Provide Companionship, Devotion, And A Cool Tolerance, Which Is Misconstrued As Love. Many Married Couples Who Are Unable To, Or Unwilling, To Have Children, Adopt Animals Instead, Embarking On A Seemingly Parental Relationship Without The Responsibilities And Hazards Involved In Child-Bearing. "If Your Romance Is Going To The Dogs, You Might Try A Dog To Save It," Suggests A Pet Food Industry Publication. There Are Countless Cases In Which A Couple's Rivalry For A Pet's Affection, And On Occasion, Even Sexual Favors, End In Divorce, And Often A Custody Battle For The Animal. Also In This Western Society, Old People, Particularly Those Living Alone, Depend On Pets For The Companionship And Warmth Denied To Them By Human Society.

In Fact, Another Name For "Dog-Ape" Is Baboon. If You Don't Believe It, Check Out The Traits Of The Baboon, The Dog, And The Ape. Even Today, The Euro-Americans Still Has Quadruplets And Quintuplets (A Litter), Which Are The Traits Of The Dog. The United States Today Is Undergoing What Has Been Described As An Animalthusian Explosion. An Alarming 100 Million Dogs And Cats In The United States Are Being Produced At The Rate Of 3,000 An Hour, Verses The 85,000 Human Babies Bom Each 60 Minutes. An Estimated 60% Of The 70 Million American Households Own Pets Including 350 Million Fish, 22 Million Birds, And 8 Million Horses; And Nearly 30 Percent Of These Families Have More Than One. In **1985 A.D.,** 15 Million Dog Bites Were Reported, And The Rate Will Continue To Climb Even Higher Until It Is Finally Realized That It Is A Disgrace For Dogs And Humans To Reside In The Same Household. Dogs Are Carnivorous Beasts, Not Human Beings, And Should Not Be Treated As Such.

The Canaanites Also Partakes In Sexual Relations With These Animals, And When They Die, Large Sums Of Money Are Left To Their Pets While People Are Starving All Over The World. There Are Many Tragedies Concerning Children Living In The Same Home With Dogs. It Never Fails; The Owner Ends Up Getting Rid Of The Animal Only After It Has Killed Someone. This Is A Very Good Example Of The Dog Reverting Back To The Mannerisms Of Their Ancestors: (The Wolf, Jackal, Etc). Allow Them To Go Hungry And You Will Surely Be Attacked, Killed, Or Eaten. What Society Calls "Guard Dogs" Are The Same Dogs Which Are Killers By Nature. Dogs In The Cities Can Be Man's Worst Friend. Every Day Across The Country, Dogs Deposit An Estimated 4 Million Tons Of Feces And 45 Million Quarts Of Urine On City Streets And Parks. Canine Excrement Is Not Only Costly To Clean Up And Revolting To Wade Through, But It Is Also A Health Hazard. In 1978 A.D., A New Law Was Passed That All Dog Owners Must Clean Up After Their Dogs, Or They Will Be Fined $100.00. Ask Yourself, Is A Dog Really Worth It? More Than 100 Human Infections, From Diphtheria To Tuberculosis Can Be Picked Up By Animals And Passed On To Their Owners. Diseases In Dog Excrement Is Also Transmitted By Birds, Turtles, And Other Pets.

Is It For You To Have Sexual Relationships With Dogs, Cats, Chimps Or Any Other Beast, Or Are You So Busy Trying To Imitate Other People That You Can't Think For Yourself? Americans Spend Over 2.5 Billion Dollars On Commercially Prepared Pet Food Alone To Feed Their Pets, Which Is More Than Six Times As Much As They Spend On Baby Food.

This Is Also More Than Enough To Nourish One Third Of The World's Population That Still Goes Hungry. Americans Can Help Feed Hungry People By Reducing The Cat And Dog Population At Least 50%, Including Cutting Down On Veterinary Care, Grooming, Clothes, Unnecessary Perfume, Health Insurance, Headstone, Professional Pet Walkers, Sitters, And A Whole Animal Kingdom Of Books And "How To Manuals" Such As "Enjoy Your Snake!"
